Violence Feared As Sit-Down Strikers Defy Police Orders

Returns For County Avocados Increase

REVEAL GAIN TO GROWERS THIS SEASON

Netting exactly \$166,315 for the first quarter of this season, Orange county and other Southern California avocado growers had "by far the most successful first-quarter this season of any in history."

This was the statement issued today by George B. Hodgkin of the Calavo Growers of California.

Returns Show Gain

"Growers netted more than half again as much in returns during the first three months of this season as they did that of even the record crop season of two years ago, when almost an identical amount of fruit was marketed," Hodgkin declared.

The \$166,315 is compared with \$104,364 that was netted for the corresponding period and on practically the same amount of fruit as marketed two years before, in the executive's report.

The 58 per cent increase in returns this season is attributed partly to greater national buying power but more so to the accumulating benefits of the organized growers' systematic advertising, and consumer and dealer educational activities, Hodgkin explained.

Market Factors

The co-operative's increasing volume of sideline business also greatly assisted in the increase. This is providing income to reduce avocado marketing costs, while the distribution of avocados is becoming nation-wide. Greater marketing experience, contacts, trade confidence and grower co-operation are additional important factors.

A grand total of 134,960 packed flats of avocados was marketed during the first three months of the current season, as compared with 134,240 for the previous corresponding two seasons. During the first two months of this season, harvesting was held down to 18 per cent less than that of two years previous. The December harvest this season, however, equalled those of the first two months combined, due largely to the national chain store drives planned for early January.

Calavo Prices Better

Calavo Fuentes returned growers at their orchards this season, \$1.80 per flat in October, \$1.15 in November, and an average of 93 cents in December as against \$1.19, 74 cents and 53 cents, respectively, for the same months two years ago when the same total amount of fruit was handled.

ENTRENCHED DOUGLAS STRIKERS VISITED BY CHILDREN

The Douglas Aircraft corporation will refuse to negotiate with striking employees as long as they occupy the company's plant at Santa Monica, according to Donald Douglas, left, president of the corporation. Right, children of sit-down strikers pay a visit to their dads locked behind doors at the airplane factory. Six thousand men are out of work as a result of the strike. The company has contracts totaling 19 million dollars.

Sen. Borah Asks Court Amendment

WASHINGTON, Feb. 25.—(UP)—Sen. William E. Borah, R., Idaho, today proposed a constitutional amendment preventing the supreme court from invalidating state laws on the basis of the "due process" clause of the constitution.

Considered as a possible basis for compromise of disputed points in President Roosevelt's judiciary reorganization program, the joint resolution introduced by Borah would provide for a constitutional amendment repealing the 14th amendment and defining the due process of law clause.

It also would "give to the states full power to treat their social and economic problems within each state."

The proposal would substitute for the 14th amendment an article containing many of the provisions of the 14th amendment and including immunities from "depriving citizens of life, liberty or happiness without due process of law."

ORDER ARREST OF DOUGLAS EMPLOYEES AS INDICTMENT VOTED BY L. A. GRAND JURY

SANTA MONICA, Cal., Feb. 25.—(UP)—Sheriff's deputies and Santa Monica police, outnumbered two to one by 400 Douglas Aircraft corporation "sit-down" strikers they sought to arrest, today converged on the plant to serve warrants on the men who struck Tuesday.

The posse faced a defiant group of workers, who shouted from windows they "would fight to the last ditch." The "army" of District Attorney Buron Fitts was composed of 175 sheriff's officers, 40 district attorney's men and 50 Santa Monica policemen.

A report circulated that the workers inside the plant had armed themselves with fire extinguishers and acetylene torches to fight the deputies.

7 GIVEN TERMS FOR VOTE FRAUD

KANSAS CITY, Mo., Feb. 25.—(UP)—Federal Judge Merrill E. Otis today sentenced seven persons convicted of conspiracy to commit vote fraud in the November 3 election to prison and jail terms ranging from six months to three years.

Four persons who pleaded nolo contendere and testified for the government were placed on probation for one year.

The sentences:

Edson M. Walker, Democratic election judge, two years in prison.

John H. Drummond, Democratic precinct captain, two years in prison.

Lorne E. Wells, Democratic election judge, two years in reformatory.

Frank H. Adams, Republican judge, three years in prison.

Joe R. Wells, Jr., Democratic clerk, one year in reformatory.

John A. Luteran, Democratic precinct captain, three years in prison.

Leo B. Roach, policeman, six months in Platte county jail.

Those who pleaded nolo contendere were Mrs. Tessie Mears, Republican clerk; Mrs. Chloe G. Albright, Republican clerk; Mrs. Calie Clark, Democratic judge, and Miss Pearl Sperry, Republican clerk.

As his men converged on the plant, Fitts declared that the indictment voted today by the county grand jury accusing the men of conspiracy to forcibly enter the detainer of property, as well as committing malicious mischief, meant a judge could sentence them to prison on conviction.

First of Kind

According to observers the indictment was the first of its kind ever returned in the United States and the cases are expected to establish a precedent for the future conduct of "sit-down strikes."

It was predicted that all the strikers would plead not guilty to the charges and that the case would be carried to the United States supreme court by the unions, with the support of their national organizations.

HOLD PARLEY ON COURT PLAN

WASHINGTON, Feb. 25.—(UP)—President Roosevelt called in a group of nine house members today to discuss his judiciary program. Those participating in the discussion were all members of the house liberal bloc which has announced support of the president's plan.

Senators, F. D. R. Meet

While apparently devoting his major attention for the present to the house, Mr. Roosevelt also scheduled what appeared to be judicial conferences with two more senators. The senators were James H. Hughes, D., Del., and Ernest Lundeen, F.-L., Minn.

The representatives meeting with Mr. Roosevelt were:

David J. Lewis, D., Md., John A. Martin, D., Colo., Knute Hill, D., Wash., Henry G. Teigan, F.-L., Minn., Robert L. Ramsey, D., W. Va., H. J. Vooch, D., Calif., Frank Hancock, D., N.C., Maury Maverick, D., Tex., and Thomas F. Ford, D., Calif.

Mr. Roosevelt's new judiciary conferences were scheduled as administration leaders considered an inquiry into a campaign to send identical letters to congress opposing the judiciary plan.

Interested in Program

Hughes a member of the senate judiciary committee, made this statement after meeting with the president:

"I am inclined to go along with the president as a rule because I am interested in his program."

"I have not, however, made any announcement (on the court plan) and will not until after the committee hearing."

"I am pretty open minded. I hear about the alarming part of the president's program."

Drivers Minus New Plates Face Arrest

SACRAMENTO, Feb. 25.—(UP)—You'd better have your 1937 automobile license plates by March 1, or else! Howard E. Deems, registrar of vehicles, announced today motorists who do not have the new plates by that date will be subject to arrest.

The California Highway patrol has been given orders to stop all cars bearing 1936 plates and issue citations to those who cannot offer satisfactory evidence of having applied for new tags.

Warnings also will be issued to out-of-state motorists to secure 1937 non-resident permits.

New Storm Brings Half Inch Of Rain

RAIN TABLE

Station	Storm Season	Last Year
Santa Ana	54	19.16
Fullerton	42	21.25
Anaheim	36	17.91
Newport Beach	47	14.09
San Juan Capistrano	38	20.89
Laguna Beach	35	17.27
Garden Grove	40	17.75
Buena Park	25	17.86
Brea	48	18.66

Santiago Dam	75	24.23
Orange	55	22.99
Villa Park	65	21.32
Olive	80	19.02
West Orange	55	21.59
McPherson	71	22.43

Starting late yesterday a general rain storm sweeping the county had added an average of half an inch to already unusually high rainfall totals for the year. In Santa Ana .54 of an inch of rain fell in slightly more than 12 hours, bringing the city's seasonal total up to 19.16 inches or more than 10 inches above the total for the entire 1936 season. Last year's total was 8.78 inches and 7.35 inches had fallen up to this date in 1936.

While an average of half an inch of rain had fallen up to 7:30 a. m. today, these figures were increased during the morning and early afternoon by a rain that continued to fall. Cloudy skies indicated a continuation of the storm at least through the night.

The heaviest rain today fell along the coast area, including San Juan Capistrano and Laguna Beach but all communities were rain swept during the day.

Bean growers are rejoicing at the heavy rainfall and have pointed out that the crop will be saved.

REBELS RENEW MADRID ATTACK

MADRID, Feb. 25.—(UP)—Rebels renewed their offensive of the Madrid siege today with an attack in University City.

At the "zero hour" before dawn they opened fire on the northwestern sector.

Open Heavy Fire

Mortars and machine guns laid down a heavy fire. Artillery on both sides was brought into play as the tide of battle swung back and forth in the embattled university salient.

The insurgents spread their offensive across to West Park at dawn, but the Loyalists threw them back and their positions were reported unchanged. Low clouds and cold winds terminated the springlike weather of the last 10 days.

Dispatches from Gijon in Northern Spain reported the Loyalists furiously attacked the arms factory on the outskirts of besieged Oviedo in intensive fighting for the Asturian city. The Loyalists were confident the strategic arms plant, almost destroyed in the siege, would be captured from the rebels shortly.

Capture Bull Ring

Loyalist miners and militiamen, using axes and hand grenades on nationalist machine gun nests, fought their way further into Oviedo today and captured the city's bull ring.

Casualties on both sides were described as "fantastic."

The government troops fought house by house into the Casa Jabonero, the Chalet Melquia De Salazar, and finally into the bull ring, where the insurgent troops, in possession of the city for the last seven months, had fortified heavily.

ITALIANS KILL SELASSIE KING

ROME, Feb. 25.—(UP)—Ras Desta, son-in-law of Emperor Haile Selassie and last of the great Ethiopian chieftains opposing the Italians, was executed yesterday and summarily captured, an official dispatch from Addis Ababa said today.

Favorite of Selassie

Desta married the emperor's oldest daughter, Princess Tannagne and for years he was a favorite of Haile Selassie. Under the emperor he was governor of Sidamo and Borama provinces, in the lake region south of Addis Ababa.

When he was killed he was leading a small force of warriors, remnant of his army, northward toward the capital.

So important was his capture considered that Marshal Rodolfo Graziani, viceroy of Ethiopia himself sent a long report to Premier Benito Mussolini.

Immediately after the bombing attempt at Addis Ababa last Friday strong Italian and native columns were sent far west southward from Addis Ababa to seek Ras Desta.

LOVE CRAZED IDAHO YOUTH KILLS SELF

EMMETT, Idaho, Feb. 25.—(UP)—A nightingale search for Kenneth Crowther, 22, love crazed youth who kidnapped his estranged sweetheart from a church here last evening, ended today when he was found shot to death, apparently by his own hand. The girl, Miss Geynell Soom, 20, was found unharmed.

"I managed to escape from his automobile," she said. "As I fled he shouted he would kill himself unless I returned. A moment later I heard a shot."

Miss Soom said Crowther, after seizing her in the church while she was rehearsing a Sunday school program, drove to a construction camp on the Black River irrigation project, about 10 miles southwest of here. She leaped from the car when it halted at the camp.

Hearing the shot, she told deputy sheriffs, she went to the camp for help. When she returned with several men, Crowther was dead.

SEVEN IN RACE FOR FIVE POSTS

Seven candidates were in the field today for the five seats on the Laguna Beach water district board, to be filled at an election March 23, while three other candidates apparently had failed to qualify because their nomination certificates were filed too late.

Brayton S. Norton, Frank B. Champlin, C. G. Cravath, George W. Wilson, William A. Wolf, Thomas A. Cummings and Joseph R. Jahraus are the seven candidates who have qualified, their certificates being presented to County Clerk J. M. Backs last Saturday or earlier. The three whose certificates were filed late are Charles W. Petty, Howard S. Heisler and Randolph Bainbridge, their certificates being presented to the clerk Tuesday.

In view of a question being raised regarding the legal filing date, which the law states is not more than 45 nor less than 30 days prior to the election, County Clerk Backs asked a written opinion from District Attorney W. F. Menton regarding the three last-named certificates. Menton, it was understood, would rule that they were presented too late.

The thirtieth day before election fell upon Sunday, February 21. Since that day and the following day, Monday, both were legal holidays, the prospective candidates presented their certificates to Backs Tuesday. Backs, however, held that, under the law, the time limit would revert to Saturday, and Tuesday was too late to file. Menton, it is understood, will rule the same way.

MAN SUFFERS HEART ATTACK AFTER ARREST IN COURTROOM

Breathing defiance to the "mighty Standard Oil company," John H. Blasius, 42, production superintendent for the Southern California Drilling company, sued by the Standard to prevent slant drilling at Huntington Beach, today walked off the witness stand, refusing to answer questions; after being jailed for contempt of court, he whipped himself into a rage that ended in a heart attack, requiring medical attendance.

Blasius, who resides at 111½ Third Street, Seal Beach, had rebelled at questioning by Oscar Lawler, Standard Oil attorney. Walking from the witness stand, he grabbed his hat and started to leave the courtroom.

"Arrest that man," commanded Superior Judge James L. Allen, sternly. And Sheriff Logan Jackson, who happened to enter the courtroom, collared the recalcitrant witness. Blasius was escorted to the county jail for contempt of court, ordered by Judge Allen to remain there until he is willing to answer questions.

NEW DRIVE OPENS FOR PENSION PLAN

WASHINGTON, Feb. 25.—(UP)—A new drive for \$200 a month old age pension legislation took inspiration today from the conviction of Dr. Francis E. Townsend for contempt of a house committee which investigated his organization for old age security.

The elderly California doctor awaited sentence on the verdict of a district court jury that he "willfully" walked out on the Bell investigation committees last May 21.

Townsend said the verdict made him a "victim of injustice" and was "not unexpected" but "the publicity of this trial will accelerate my movement."

Free on \$1000 bond while his attorneys sought a new trial or appeal, Dr. Townsend appeared last night before a meeting to organize the first Townsend club in the District of Columbia.

Townsend has demanded "complete exoneration" or jail. He was liable as a result of yesterday's verdict in district court to a maximum sentence of one year's imprisonment and a \$100 fine.

COMMITTEE BACKS NEUTRALITY BILL

WASHINGTON, Feb. 25.—(UP)—The house foreign affairs committee favorably reported today a vote of 15 to 3 the McReynolds neutrality bill giving broad discretionary powers to the president in dealing with American exports to belligerent countries.

Chairman Sam D. McReynolds, D., Tenn., said he would attempt to bring up the bill for action in the house next week.

The McReynolds bill differs from the senate Pittman bill in giving the president more leeway in restricting trade to belligerents.

The committee turned down at its session today an amendment offered by Rep. Hamilton Fish, R., N. Y., which would have required that proclamations restraining trade to belligerents, also cover all countries in a "war zone."

The bill's discretionary features would give the president power to limit and make exceptions in connection with proclamations forbidding American nationals to have title or interests in specified goods, including munitions, shipped to belligerents.

TRouble Averted

A second Los Angeles concern engaged on Douglas contracts, Felly and Wells company, was believed to have averted trouble last night in a conference between officials and C. I. O. union employees.

At the G. G. Bakewell Machine company, which turns out aluminum and duraluminum parts for Douglas planes, President G. G. Bakewell said that if the strike in the main plant continued he would be compelled to shut down his machines. So far, Bakewell said, he had experienced no strike trouble in his "open shop."

Employees of the Northrop corporation, located only a few miles away, went on strike today, it was announced by Andrew Schmolder, organizer for the United Automobile Workers of America. Schmolder was prominent at the inception of the sit-down strike in the Douglas plant.

OAKLAND MAN IS KILLED BY WOMAN

OAKLAND, Calif., Feb. 25.—(UP)—Louis Mendoza, 52, was stabbed to death in his bedroom early today, police reported. They arrested and held on a murder charge Mrs. Jennie Zamora, 36 year old mother of six children, whom they said admitted plunging a butcher knife into his heart when she found him with another woman.

Police Sergeant George Lallemond said Mrs. Zamora told him she surprised the couple in his bedroom shortly after midnight. She rebuked him, she said, and Mendoza jumped out of bed and attempted to put her out of the room.

During the struggle, she told officers, she seized a butcher knife from a table and plunged it into his heart.

Mendoza was dead when police arrived.

Find Doors Locked

According to information given to District Attorney Buron Fitts, officials at Inglewood moved too quickly for the strikers to organize another sit-down affair. When workers arrived at the plant doors they found them locked and were forced to conduct their sit-down walkout beyond the factory walls.

The grand jury had been called into special session to investigate a "pay-off" scandal in the organization of the state board of equalization, in connection with liquor licensing matter, but all other business was set aside when Fitts laid his strike indictment before the jury.

Fitts in Statement

As he placed the matter in the hands of the grand jury, District

(Continued On Page 2)

NEWCOMB'S IS STREAMLINED FOR REOPENING

Completely remodeled and "streamlined" the Newcomb shoe store has reopened as one of the most modern and up-to-date merchandising establishments in the city.

Designed by Burke and Kober, Los Angeles merchandising architects, the remodeled store embodies beauty of design and decoration, and comfort with the latest ideas in merchandising display.

Practically all of the large stock of shoes carried by the firm is housed in the rear of the store leaving the salesroom open for full length mirrors and comfortable seats.

There are four display cases in the store, built along modernistic lines for the display of featured merchandise. Each streamlined display case has a glass top to accommodate one pair of shoes. Under the glass is an electric light that sheds soft rays under the shoes. Above the case is ample space to show other stock.

In remodeling of the interior the ceiling was lowered to aid in increasing the lighting facilities of the store. Semi-indirect lights have been installed and at each side of the three full length mirrors are electric tube lights shedding a soft ray over the store.

The color scheme combines cream, tan and buff shades on the ceiling and walls with green upholstery and aluminum trim in the seats. The interior and all furnishings are in maple trim.

Even in the front of the store the newest ideas in merchandising architecture have been carried out to the extent of installation of a porcelain front finished in terra cotta.

Fred Newcomb Jr., head of the store has been in the shoe business in Santa Ana for the past 24 years. When he first came to this city he was connected with the Turner Shoe company, located at the corner of Fourth and Sycamore streets where Rankins' store now stands. In 1920 he severed his connections with the Turner organization and opened a store of his own. Three years later he moved into his present location at 111 West Fourth street.

Associated with Newcomb in the store are Carl R. Stuckey, L. J. McKeown and T. F. Newcomb.

TOWNSEND CLUBS

Regular session of Club No. 7 has been postponed in order that members of this organization may attend a special session of Townsend Club No. 10, which will meet at 7:30 tomorrow evening at the new Townsend headquarters at 218 East Fourth street. Rex Barr, the principal speaker for the occasion, will be introduced by P. Benheim, president of No. 7, committeemen said.

NEW STREAMLINED STORE

Interior of the remodeled Newcomb Shoe store at 111 West Fourth street. The store interior is finished in shades of cream, tan and buff with furniture upholstered in green leather and aluminum.

NAME STRIKERS IN INDICTMENT

(Continued From Page 1)

Attorney Pitts issued the following statement:

"The principal of collective bargaining is not involved in our present action. But the principle of whether or not a citizen is to be disposed of at his own property by striking or resigning employees is involved. Likewise, the protection of millions of dollars of government property is involved."

"This office serves notice that every resource at its demand will be employed to prevent the disposition of the rightful owners of property through the so-called 'sit-down strike' method."

"Los Angeles county is still functioning under constitutional government. We will keep it so."

Organizer Named

Pitts revealed that he had worked throughout the entire night with Donald W. Douglas, president of the company, preparing the indictment against the strikers. A total of 65 sit-downers were named in the document, including William Busick, organizer for the International Garment Workers' union and one of the strategists in the strike at the Douglas factory.

Another designated by name was Andrew M. Schmolder, organizer for the United Automobile Workers of America, affiliate of John L. Lewis' CIO union.

When informed of the indictment the sit-downers replied with a loud shout.

Then some called out: "Better warn them that there is \$25,000,000 worth of equipment here."

Their battle cry came next: "We'll stick to the last—we'll never give up."

SEWER BOARD DEFERS ACTION AS DATA ON SECTION NO. 1 OF SYSTEM FAILS TO ARRIVE

Action of the outfall sewer district board to break an existing deadlock on the kind of pipe that will be used in reconstruction work on Section No. 1 of the outfall sewer, was deferred last night because the report of Clyde Kennedy, engineer hired by Santa Ana to survey needs and make recommendations, was not complete. As a result of the situation, action likely will not be taken until March 10, at least.

Instead the board entertained a petition for insuring the ocean end of the sewer against damage such as resulted from two recent instances of storm-swept barges which dragged the sewer line loose.

Such damage as might come from wear and tear or neglect of maintenance could not be insured and in any case the insurance would cover not more than the cast iron pipe in the ocean end of the sewer which is not involved in the plan for reconstruction of four miles of line, now of concrete pipe, in Section One.

Other Needs Reported

After the business of Section One was disposed with, members in Section Two proceeded with a plan for obtaining a PWA grant to enable replacement of the entire 5.6 miles of line in Section Two with vitrified pipe, the entire project to cost approximately \$180,000.

A report on the needs of the line was submitted by the committee of engineers including E. P. Haggood of Anaheim, G. L. Walters of Fullerton, C. C. Bonebrake of Orange and J. B. Sanks of La Habra.

The report recommends that the entire line be replaced if a PWA grant is allowed on the 45-55 per cent basis which would leave the cities and sanitary districts in Section Two only \$104,500 to pay. Without this grant, the report recommends that the 10,500 feet of line in "mighty poor" condition be immediately replaced to be en-

Costs Allocated

Costs will be allowed among the cities and sanitary districts on the percentage of ownership. This means that under the plan to provide \$104,500 in case a PWA grant is made for replacing the entire line, Anaheim would contribute \$28,455; Fullerton, \$28,445; Orange, \$28,445; La Habra, \$7837; Placentia, \$4703; Garden Grove, \$4703; and Buena Park, \$1902.

If a PWA grant is not allowed and the two miles of poor line is replaced with the cities paying the entire \$64,000, it will cost Anaheim and Orange \$17,427 each; Fullerton, \$17,421; La Habra, \$4800; Placentia and Garden Grove, \$2880 each; and Buena Park \$1165.

The cities and sanitary districts in Section Two are reporting back to their cities recommending that Anaheim, as contracting city, be delegated to proceed with the employment of the required engineering services, the fee to be in accordance with the American Society of Civil Engineers, and to draw up the PWA application on the basis of replacement of the entire 5.6 miles of concrete line with vitrified pipe.

Policy Outlined

The project of insuring the ocean end of the sewer, which involves Section One of which Santa Ana is a member, was submitted the board by the Robbins-Henderson firm of Santa Ana, and that firm was instructed to draw up a sample policy to be submitted the city attorneys.

Such a policy appears difficult to obtain with the stipulation required by the sewer district and no American firm has been found to underwrite it. The Robbins-Henderson firm would have it underwritten by a Lloyd's owned British house, according to the understanding of the board members.

The policy would be for \$300,000 and would cost approximately \$2000 a year, damage the first year to raise that amount \$1000. It would insure the sewer district against damage done to the sewer line extending into the ocean by external objects or the elements but would not insure against deterioration of the line itself.

It was pointed out that such a policy would have saved the district many dollars to date since the past year has seen two major accidents to the ocean end of the line, the first one costing \$42,000 for repair and the second one repair of which is not complete, estimated to approach that figure. This was the damage done by the derelict barges.

Approximately 20,000,000 letters annually find their way to the Dead Letter division of the U. S. postoffice.

MAN SUFFERS HEART ATTACK

(Continued From Page 1)

was slanted oceanward and was bottomed in the strip of lease held by Standard along the ocean front.

As Lawler sought to draw information from Blassius regarding certain operations, the witness grew rebellious.

"Let's not get excited," advised the lawyer in a soothing tone. "I'm not getting excited," the witness retorted. "You're just trying to say the same thing over and over and evading the truth. Now what is the trouble?"

"Let's see if we can help you," Lawler went on.

"Is it perhaps because you are the mighty Standard Oil company or something," Blassius shot at him.

Judge Gives Warning

Judge Allen intervened. "Just answer the question," he warned. "I'm trying to, your honor, but, gee, he is asking—"

The court: "You don't understand the question. Just pay attention and you'll get along better."

Lawler: "Now, Mr. Blassius, you observed the statement on this paper."

At that point, Blassius blew up. "Go ahead and do it yourself," he advised Lawler. "The mighty Standard Oil company. No one dares to cross them."

He was leaving the courtroom when the court ordered his arrest.

Refuses to Testify

In the hall, Blassius continued to "rave" as he himself expressed it, declaring that "The Standard Oil company will own the government one of these days," and asserting that he would "rot in jail" before he would return to court and answer questions.

Attorneys J. B. Tucker and E. C. Culver, of the Southern California Drilling company, tried to persuade him to return to court and testify, but he refused.

Suffers Heart Attack

All at once he staggered, gasped and fell to his heart. "Let me hear the door so I can get air," he said. He sank down on a bench near the jail door. Dr. John Wehrly was summoned to attend him. Blassius probably will be removed to the county hospital, it was said.

On the witness stand in court yesterday, Blassius had given testimony which the Standard Oil attorneys regarded jubilantly, when he admitted deliberately manufacturing a plug which he attached to well casing and lowered into the Severns well. This obstructed the Standard Oil company's effort to make a survey of the well, to determine whether it was slanted toward the ocean.

STORM BRINGS HALF INCH RAIN

(Continued From Page 1)

that the seasonal total of approximately 18 inches in the bean growing area has practically eliminated the necessity for irrigation this summer. They say that the spring rains will provide all the additional moisture necessary for the crop.

The heaviest rainfall for the present storm was recorded at Lambert and Limestone where .82 of an inch fell in each area. The lightest fall was in Buena Park where the total for the period ending at 7:30 a. m. today was but .25 of an inch.

TRAFFIC DIVISION GROUP WILL MEET

Members of the traffic and safety division of the Young Business Men's group of the chamber of commerce will meet tomorrow at 4 p. m. in the chamber of commerce offices to complete the outline of its program for the coming year.

The meeting was called by Fred McCandless, chairman of the division, principally for the purpose of submitting the group's program to the members and officers of the chamber of commerce and to appoint sub-committees to carry on the various phases of the program. It has been indicated that the group's program will have three major objectives principally a study of methods for conserving parking space in the shopping district and a program for development of traffic safety.

PICKETS ATTACK PLANT OFFICIAL

ELGIN, Ill., Feb. 25.—(UP)—An Illinois Watch Case company official tried to break through the picket line around his strike-bound plant today and was knocked down by four or five union members.

Seven or eight other pickets joined in punching the man, who said he was an assistant plant superintendent for the watch company. He would not give his name.

The fight stopped with the arrival of police and the assistant superintendent suffered only minor injuries. He did not get into the plant.

FOUR SPEEDERS PAY FINES IN POLICE COURT

Four speeders and nine boulevard stop jumpers were fined in city court yesterday, records of City Judge J. G. Mitchell show.

For speeding, Allen Arkley, Oceanside, was fined \$10; Abe Robinson, Garden Grove, \$6, which he agreed to work out; William Johnson, Los Angeles, \$6, and Wesley Morgan, 605 East Seventeenth street, Santa Ana, \$6.

Boulevard stop jumpers who paid \$2 each, are Samuel Suddaby, Tustin; Remi Dejonghe, Route 2, Santa Ana; Orville Stout, Long Beach; Elias Pavosens, 24 Garver, 935 West Myrtle, Santa Ana; George Yenners, Carl Anderson, 1211 West Seventeenth, Santa Ana; M. H. Johnson, 1631 West Eighth, Santa Ana, and R. B. Olds, Most of the recent boulevard stop jumpers have committed the offenses at Fourth and Flower and Fourth and Grand, records show.

Floyd Klugenberg and A. R. Boyd were fined \$1 each for illegal parking; Paul Ozmert, 30, 1215 North Ross, Santa Ana, arrested on a traffic bench warrant, was fined \$3 for blocking a driveway. Hinton Rouse, pleading guilty to vagrancy charge, was sentenced to 10 days in county jail, the sentence suspended and Rouse ordered from the city. On an old bench warrant, charging assault and battery upon another man, William Howell, 26,

Miss Getty Dances For Breakfasters

Interpretative dances by Miss Vera M. Getty, head of the well-known Getty Dance Studio of this city, headlined the entertainment this morning at the regular session of the Santa Ana Breakfast Club in the Main Cafeteria.

Miss Getty's tap dances and ballet numbers were enthusiastically applauded by the more than 50 members of the organization who were present.

Edward W. Cochems, president of the club, opened the session and presided until time for the program, which was in charge of Eddie Marble. Marble introduced both Miss Getty and Janet Martin, who was accompanist for the dancer.

Two announcements by Hunter Leach, one of the club leaders, urged members to attend the play, "The Gay 90's" which will be staged here Friday evening, March 5, under auspices of the Women's auxiliary of the Santa Ana American Legion, and full cooperation with other special civic activities.

Don Turner was appointed by Cochems as chairman of the program committee for next week; Paul Carnes, the week following; and Ferris Scott for Thursday morning, March 18.

213 North Broadway, Santa Ana, was arrested and held before Judge Mitchell. Howell pleaded not guilty and was ordered to appear for trial by court on March 3 at 2 p. m.

JAYSEE MUSIC STUDENTS TO PRESENT OPERA

"Naughty Marietta," Victor Herbert's famed opera, will be presented May 21 by Santa Ana Junior college music students it was announced today.

The opera was selected recently by a committee composed of Kenneth Nissley of the student executive board, Calvin C. Flint, dean of men; and Miss Myrtle Martin of the college music department. Several nationally famed operas were given consideration, but "Naughty Marietta" was unanimously chosen.

Nelson Eddy and Jeanette MacDonald starred in the film version of "Naughty Marietta" last year. The late Oscar Hammerstein presented the first stage production starring the French star, Mile. Emma Trentini.

CASTING for the 21 leads will start the first of next week, with actual practice getting underway about March 8.

A committee selected to aid in the production of this year's opera includes: Calvin C. Flint, publicity and finance; Frances Egge, costumes and scenery; Zena Leck, dance ensembles; Allan A. Revell, orchestra; and Wallace Griggs, stage settings. Griggs has had 21 years experience on the stage and played with the late Joanne Eagles in "Rain." Miss Myrtle A. Martin will have charge of the entire production.

DEATH NOTICES

A WORD OF COMFORT

Hands, feet, eyes and ears you use; but you yourself are spirit. All else serves as your instrument or as your environment. This banishes unreality in your conception of God at spirit. While you do not see Him, you are constantly presented with expressions of His nature in the truth, goodness and beauty encountered in the world around you.

He loves you and the one you love. He craves for you the companionship for which you yearn. He will guide you into the fulfillment of your highest hopes. No fears or doubts enthrall you for He is with you now and always.

VALLES—At his residence, 924 West Myrtle street, February 25, 1937, Antonio Valles, aged 79 years. He is survived by his wife, Mrs. Catalina Valles; a son, Joe Valles, of Durango, Mexico; and daughter, Mrs. Delphina Chapman, of Niland, Calif. Announcement of funeral services will later be made by the Winbiger mortuary, 609 North Main street.

(Funeral Notice)
STAHN—Funeral services for Andrew W. Stahn, who passed away on February 22nd, will be held in the Brown and Warner Chapel at 2 o'clock Friday afternoon. Rev. W. S. Buchanan will officiate. Interment will be in Fairhaven cemetery.

AWARD PRIZES IN QUILT SHOW AT J. C. PENNEY

BY ELEANOR YOUNG ELLIOTT

There are no restrictions on on-lookers at the seventh annual Penney Quilt show. No signs, "For Women Only" are in place at the J. C. Penney store, and as a result there are many men who even though they may not enter the store to inspect the scores of handsome quilts on display, yet linger with interest at the store windows to enjoy the quaint scenes of long ago.

There are many words of commendation heard of the artistry with which M. C. Black of the Penney staff has planned the display windows, and opinions are freely expressed that the current arrangement is the best yet attained since the quilt shows were introduced in the spring of 1931. Also the quilt display itself surpasses all previous exhibits, and a conservative estimate would place the number of entries at 150.

First interest perhaps, attaches to the decision of the judges, Mrs. Fred C. Rowland, president of Santa Ana Ebell society and wife of the city's mayor; Mrs. J. E. Paul, president of First Congregational Women's union, and Mrs. G. E. Bruns, prominent in First M. E. church organizations. Their decisions were made on various points, including fine stitching, interest of design, arrangement and general finish. First prize in pieced quilts was awarded to Mrs. J. E. Dalley, 164 South Olive street, Orange, for her Postage Stamp quilt whose mingled soft colors are accented by yellow and orchid. Second place was taken by Mrs. Rosa Veach, 1309 South Birch street, for a "Cross Stitch" design in mingled colors set together with soft green. A flower spray in quilting is used on white borders.

Applique Division
In the applique division, first place was taken by Mrs. Bennie Osterman of El Toro in which flowers in rose with touches of pastel blue, yellow and orchid are applied to a peach background bordered with blue. Mrs. Perry Hall, 616 South Van Ness avenue, placed first with an iris design in tones of mauve and violet with slim green leaves and bordered with the deeper violet tone.

Honorable mention went to Mrs. W. H. Dotter, 859 North Cambridge street, Orange, for a Round the World design; Mrs. Veach for a Postage Stamp design; Mrs. George W. Ross, 1502 North Flower street, for a puffed and quilted down comforter; Mrs. Irene Maddox, 829 North Garvey street, for a Flower Garden design; Mrs. Ellen M. Smith, 802 East Sixth street, for the same design in larger form, each tiny square of which is a flower motif. The task of assembling these squares took Mrs. Smith over three years. In this honorable mention group also was the beautiful all-white quilt, 17 years old and a marvel of intricate stitching, shown by Mrs. M. D. Haskell, 314 East Santa Clara avenue.

Special Mention
Very special mention indeed must go to two quilts in the main window of the store, the Bursting Star entered by Mrs. Essa Downs, and the Colonial (a hundred years old) loaned by Mrs. Ruby Bright. Quilting is remarkably beautiful on these. They form the background for a charming lady of the era of bustles, puffs and plaiting, who stands in her puce silk gown before a mantel where a clock, daguerotypes, prism candlesticks and similar appropriate articles are seen. There are hooked and "button" rugs on the floor; there are quaint old pieces of Waterford, hobnail and blue glass, there is a graceful "lady's chair," with its companion tall stand holding an old brass lamp. There is a spinning wheel too, and prominent in the background are the old muzzle loader and powder horn loaned by Dr. Roy Horton, and a fine cavalry sword loaned by Guy Miller, a member of the store staff. In the corner window are ranged quilts in every color and design, and a remarkable collection of small slippers including colonial slipper pincushions, tiny embroidered satin sandals worn by the tiny feet of China, and every intermediate design imaginable. These like the majority of antiques on display were loaned by Mrs. Arthur C. Merrick, 2502 North Main street.

Display Winners
Recent re-modeling operations at the Penney store, made it possible to give much additional space to the quilt display, according to Forrest A. Jones, store manager. The prize winners are displayed on the first floor, where walls are lined with other handsome examples, and the central showcases are topped with crocheted and knitted bedspreads. The main exhibit is on the third floor where ample space is provided for the display.

There too may be found "Grandma" Lindley (Mrs. Anna Lindley) seated at her quilting frames where a handsome pineapple quilt in yellow and brown is receiving its dry stitches from her practised hands. Grandma Lindley is generous in offering her counsel and aid to all visitors, and confers with them on patterns, materials and designs. As for the last, their name is legion. They include Log Cabin, Lone Star, Dresden Plate, Double Wedding Ring, Bleeding Heart, Rainbow, Irish Chain, Sunburst, Golden Glow,—the list is endless. Examples of all may be seen, and with them the applique designs, Sunbonnet Girl, Overall Boys, Colonial Ladies, Nursery Rhymes and an Animal design amusingly modernistic in feeling.

The average time taken by a telephone operator to answer a subscriber's call is 4.3 seconds, according to official tests.

FINE ART IN QUILTING

Posed against the first prize-winning applique quilt in the seventh annual quilt show of the J. C. Penney store, are shown the three judges whose decision was announced today on rewards among the 158 entrants of fine quilts in the show. The judges are, from left to right, Mrs. Fred C. Rowland, with the first prize pieced quilt; Mrs. J. E. Paul, with the applique quilt taking second place, and Mrs. G. E. Bruns with the pieced quilt which took second honors.

EMINENT SURGEON SPEAKS ON INFANTILE PARALYSIS BEFORE UNUSUAL PARLEY IN HOSPITAL

Infantile paralysis, or "Polio," as it is known to the medical profession, is a dread disease simply because the causative agent is not yet positively known.

This was a part of the intensely interesting statements of the eminent Dr. Robert Meals, who was one of the main speakers last night at one of the most interesting medical meetings ever held in Orange county. He spoke before the medical staff of the Santa Ana Valley hospital.

Dr. G. Emmett Raitt, president of the staff, was in charge of the session. In addition to presenting Dr. Meals, the surgeon who several years ago removed his own appendix in the Hollywood hospital, Dr. Raitt presented Dr. D. A. Harwood, Dr. John Wehrly, Dr. Paul Esslinger and Dr. John McAuley, all of whom discussed various papers.

Spread of Epidemics
"Infantile Paralysis" was the subject of Dr. Meals' address, and he discussed the subject from three angles. These were, the public health problem of the prevention of the dread disease; the clinical picture, or appearance of the illness; and the treatment.

He explained how difficult was the prevention of this disease because the causative agent is not yet positively known. He told how healthy people who are immune to the disease or people who have had it and been cured, can carry the organism causing the disease in their noses or throats and infect other people. These people are the greatest danger in the spread of epidemics because there is yet no simple and rapid means by which these carriers can be found and treated to prevent their continuing to be carriers.

His description of the disease was most comprehensive and stressed the early symptoms whereby a prompt diagnosis could be made; since the sooner the diagnosis is made and treatment started, the more chance an individual has of being cured and of experiencing a minimum amount of paralysis. He especially called attention to the differences between infantile paralysis and conditions for which it might be mistaken, in an effort at earlier diagnosis and more useful treatment.

Use of Serum
In illustration of the third angle, Dr. Meals outlined the treatment used in the Los Angeles General Hospital in the recent epidemic, stressing particularly rest, complete rest of patient and the affected muscle or muscles. He declared that rest of a paralyzed limb gave the greatest possible chance for recovery of the use of the part. He mentioned also the use of serum from persons who had recovered from the disease and of hypertonie glucose solutions. He considered the advantages of the methods used in Los Angeles and discussed the results of the treatment.

At the request of some of the staff members, he also outlined the treatment of tetanus or lockjaw used by himself and his associate, Dr. Venner, and which has proved the most successful treatment for this disease yet developed. In discussing this paper, Dr. Harwood recounted his recent visit to the island of Haiti where the nurse at the hospital explained to him how they were using this new treatment for lockjaw with very gratifying results.

The papers were discussed by Dr. Wehrly, Dr. Harwood, Dr. Esslinger and Dr. McAuley.

The meeting then adjourned with delicious refreshments suitable to the season of Washington's birthday.

NEGRO ARTISTS TO COME HERE SUNDAY
"The Two Aces of Harmony," Negro radio and concert artists, will appear in person at the United Presbyterian church, Sixth and Bush streets, Sunday at 7 p. m. This duo, Rev. and Mrs. C. H. Stone, have broadcast from WHO and WOC, Des Moines, Iowa. They have traveled throughout the United States.

They are graduates of Drake university and have since gained considerable recognition for their presentation of Negro spirituals and sacred songs.

BOURBONS BACK SEPARATION OF WPA OFFICES

Holding an open meeting last night in Huntington Beach the Democratic central committee of Orange county unanimously endorsed the proposed separation of the Orange county WPA office from the San Diego organization.

Approval of the proposal was voted after Secretary Thompson had read several letters relative to the proposal. Separation of the two offices has been advocated in the interest of greater efficiency in administration of local projects.

B. Z. McKinney, chairman of the central committee presided at the session last night and announced the Victory dinner to be held at Masonic temple, Santa Ana, the night of March 4.

Assemblymen Clyde Watson and Thomas Kuchel were the honor guests and principal speakers. In his talk Watson said that for the first time in 40 years there is a Democratic majority in both the assembly and senate of California. He also discussed some of the freak bills introduced during the recent legislative session calling particular attention to one that proposed to prevent the use of stools in beer parlors on the grounds that customers became more intoxicated when seated than if they do their drinking standing up.

Assemblyman Thomas Kuchel, Anaheim, discussed proposed tideland oil legislation relating to Huntington Beach land and said that he had introduced a bill providing that 2 per cent of oil royalties from tideland pools be paid to the city of Huntington Beach and a similar amount go to the county.

T. B. Talbert, former mayor of Huntington Beach was a guest at the meeting and told of the inauguration of President Roosevelt which he attended while in Washington, D. C., January 20. He also discussed his plan for crop insurance on which he has been working for the past 14 years.

REV. CLINTON TAFT TO SPEAK FRIDAY

The Rev. Clinton J. Taft, director of the Civil Liberties Union of Southern California, will be the principal speaker at a public meeting and lecture program at 7:30 p. m. tomorrow in the Santa Ana Unitarian church.

The Rev. Mr. Taft will come to

MAGNETS QUIT ON ORDERS OF LANDIS

EL PASO, Tex., Feb. 25.—Barry Hagedorn, president, and Lea Saunders, secretary of the El Paso, baseball club of the Arizona-Texas league, resigned today after receiving a telegram from Judge K. M. Landis, high commissioner of baseball, ordering them to quit or forfeit El Paso's franchise.

Judge Landis advised them that he had received reports of betting on games in the Arizona-Texas league.

this city from Los Angeles to speak on "Europe and America in 1936." His speech will deal mainly with his journeys through Russia and the countries of eastern Europe.

The Rev. Mr. Taft, who has been in his present position as director of the Liberties Union since 1923, was born in New York State.

He was graduate from Keuka College and Syracuse University, and held pastorates in New York and Boston before coming to Los Angeles.

He was pastor of the Plymouth Congregational Church in Los Angeles when the Civil Liberties Union for Southern California was formed. He was called to organize and manage its activities, and to edit and publish its weekly paper, "The Open Forum."

The union is a non-political, non-profit organization, and the Rev. Mr. Taft has devoted all his time to maintenance of the strength and influence of the organization in this area. The lecture tomorrow evening is free to all, the committee in charge announced.

Rail Progress Is Studied By Miss Harriman
The railroad board of directors, has found material for her college thesis right in her father's business. She is a student at Bennington College, Bennington, Vt. Recently she took time out to travel over her father's railroad to gather material for her thesis on railroad progress. While in Omaha, Miss Harriman visited the Union Station commissary, the repair and machine shops and various departments in the headquarters building. Old-time railroad men who knew her father "way back when" were happy to show her the "inside" of the railroad business. After the Omaha visit, Mary went on to Los Angeles. After a day there visiting shops and offices she returned to Salt Lake City. Then she joined her parents at Sun Valley, Ida., which is the new Union Pacific winter resort. By the time Miss Harriman gets down to the actual writing of her thesis, she will have traveled over the whole U. P. system studying it from the ground up.

OCEANVIEW
OCEAN VIEW, Feb. 25.—The Gracia trio, local musical organization with Mrs. Grace Groves, Mrs. Howard Pampin and Miss Edith Brush as members, made two public appearances recently playing at the Golden Bear cafe one evening and on Sunday at the Latter Day Saints church in Santa Ana. Miss Beatrice Brockman of the local school staff attended Grand Opera in Los Angeles recently in company with teachers from the Newport Beach schools. Mrs. Emma Blylock is coming home from the second illness suffered in the past month. Her daughter, Mrs. Boyd Rhodes of Wilmington is with her. Mr. and Mrs. Luther Payne entertained visitors at their home recently. The party including their family and niece, Miss Eva Zumwalt of Los Angeles, Miss Zumwalt of Los Angeles, Mrs. M. M. Amour, at her home here.

Nerve Expert Regards Pain Vital to Life
CAMBRIDGE, Mass. (UP)—Pain is a part of life and cannot be avoided, says Dr. Tracy J. Putnam, professor of neurology at Harvard college. "The need for pain is a very common human trait," he says. "Psychologists point out that it has three sources, probably not entirely distinct. One is that pain and pleasure are so closely mingled that one may be confused with the other, or they may even be indistinguishable. The second great source of a need for pain is as a penance for misdeeds, real or fancied. "A feeling of guilt or anxiety may be one of the heaviest burdens that life can inflict, and sometimes physical or mental suffering is felt to mitigate it. Finally, one person may use his own pain to inflict remorse upon or exact sympathy from another."

DOHENY PARK
DOHENY PARK, Feb. 25.—Herold Witte, son of Mr. and Mrs. Harry Witte, who has been in the St. Joseph's hospital for an appendicitis operation, returned home last week. He is still confined to his bed but is improving. Miss Vivian Rawles of Santa Ana visited her sister, Mrs. Roy Puente, over the week end. The men who are employed by Pierce Brothers, contractors, and who are mending bridges and building new highways after the recent floods, have moved their families to Doheny Park. They are Mr. and Mrs. Port Le Bortion of Los Angeles; Mr. and Mrs. David Donaldson, of San Diego; Mr. and Mrs. William H. Glover of Los Angeles, and Mr. and Mrs. Neil Campbell of San Diego. A large number of single men are also with the group, who are: Eldon Hichon, Dave Latham and Bob Redondo, all of Los Angeles; Charles Kelso of San Diego and C. N. Harwood of Englewood. Mrs. Douglas McDougall's father, Mr. and Mrs. W. E. Ellis of Decano, were dinner guests of these Sunday. Mr. and Mrs. Aaron Buchheim's daughter, Mrs. R. Glen Morton, and two children, Dorothy and Ruth, spent a few days with them before leaving for Johannesburg, Africa. Mr. Morton has been there for the past year. They will go by train to New York where they will take the steamer.

MAN STRUCK BY BICYCLE AMONG SIX IN MISHAPS

Six persons were in an improved condition today after Santa Ana thoroughfare traffic accidents, reported to police yesterday. M. M. Rogers, 215 West Walnut, in the most unusual of the four accidents reported, suffered a badly cut chin and skinned hands when knocked to the street at Third and Broadway yesterday by a bicycle operated by Bill Dart, 2044 Evergreen street. He was given first aid by a local doctor.

Harriett M. Graves and her daughter, Margaret, 26, of Silverado canyon, suffered cuts and bruises, Mrs. Graves reported, when Mrs. Graves lost control of the car she was driving on Bristol street between 17th street and Santiago creek, as she sought to force her Chow dog to remain in the back seat of the car. The car struck a light pole, breaking the pole and badly damaging the car. Mrs. Graves suffered bump on the left eye and cut on the right index fin-

CAVALRY SWORD IS EXHIBITED AT SHOW

Arousing special interest among the many valuable antiques now on display in the windows of the J. C. Penney store in connection with the annual Quilt Show, is a fine old cavalry sword, loaned by Guy Miller, 1310 Louise street.

The story of the sword is an interesting one, Guy Miller's grandfather, the late A. J. Miller, was captain of Company F, Kansas Volunteer Cavalry in the Civil War. The sword was a gift to him from members of the company, who raised the sum of \$500 for its purchase.

It is a handsome weapon, with blade of Damascus steel and hilt of carved ivory and silver. The silver scabbard with its chain and belt, has the inscription, "Presented by Co. F. K. V. C. to their captain, A. J. Miller, July 4, 1864."

Captain Miller died in Kansas in 1918, the closing year of the World War. The sword went to his son, who at his death in 1934, left the valuable trophy to his own son, Guy Miller, its present owner.

TREASURY NOT TO SEEK NEW MONEY

WASHINGTON, Feb. 25.—(UP)—Secretary of the Treasury Henry Morgenthau Jr. announced today that the treasury would seek no new money when it undertakes its March 15 financing. The financing will be confined to replacement of expiring loans.

On March 15, Morgenthau said the treasury will offer to convert a \$502,000,000 3 per cent note issue due April 15 but he declined to elaborate further on this refunding operation.

The secretary said this was the smallest financing operation attempted by the treasury in several years.

"And as we approach a balanced budget," Morgenthau added with a smile, "financing operations will be still smaller."

Morgenthau said the treasury had devoted more study to the March 15 financing than to any such operation since he accepted the treasury portfolio.

STRIKERS HOLD PLANS FOR AIR DETROIT PLANTS

Labor strife in industry lessened today. Two groups of sit-down strikers had been evacuated without bloodshed from the property of their employers. One strike had been settled. The Chrysler Corporation had agreed to negotiate with the United Automobile Workers' union, ending the threat of another wide-scale automobile strike.

Strikers in Plant
Several hundred sit-down strikers were in possession of the Douglas Aircraft Corporation plant at Santa Monica, Cal.

Five hundred sit-down strikers held the plant of the Timken Detroit Axle company at Detroit. The plant, which manufactures axles for Chrysler, General Motors and Ford, was closed.

One hundred sit-down strikers continued their occupation of the Fawcett Metallurgical company plant at Waukegan, Ill. The protracted dispute seemed deadlocked.

Resume Operations
At Decatur, Ill., the Century Wall Paper company resumed operations with non-union workers. Forty-four men and women sit-down strikers, who had held the plant 48 hours, evacuated peacefully and were taken into court on contempt charges growing out of their failure to obey an injunction order promptly.

At Los Angeles, Pie Baker Willie Plecty resumed operations after his 11 striking bakers had evacuated peacefully in obedience to a court order. Plecty filed suit for \$70,000 damages against the bakers and their union.

Strike Settled
At Springfield, O., the Crowell Publishing company, publishers of such magazines as Colliers and the Woman's Home Companion, settled the strike of its 800 pressmen. The company recognized the International Printing Pressmen and Assistants' union as sole representative of the men, and collective bargaining negotiations will begin Monday.

In Massachusetts and New Hampshire, shoe manufacturers were capitulating rapidly to the demands of the Leather Workers' union for a 15 per cent wage increase. Of the 17,000 men who went on strike yesterday, 10,000 had returned to work and the rest were expected to return today.

Plant Picketed
At Groton, Conn., approximately 100 strikers continued to picket the plant of the Electric Boat company, which was operating on winter company officials said was its normal schedule. The strikers had been evacuated from the plant by state police early yesterday.

In the Detroit area, eight minor sit-down strikes continued. In Minneapolis, strikers picketed the Northern States Power company plant while company officials and union representatives sought agreement on demands for wage adjustments, seniority rights and revised working schedules. Eight hundred employees were called out on strike yesterday by the Electrical Workers' union.

Striking Miners in Serious Danger
FUEFELKIRCHEN, Hungary, Feb. 25.—(UP)—Miners at the Tom-pit, on a sit-down hunger strike, were reported fighting among themselves today as older men sought to make a break to the surface and rejoin their families.

Younger men resisted them, asserting they intended to die rather than leave the mine unless their demand for a 20 per cent wage increase was granted.

About 100 of the 275 sit-down strikers were reported ill, from hunger, cold and bad ventilation. They had food for but 24 hours when they barricaded themselves in the pit Tuesday night.

It was feared the men were in serious danger because of accumulation of pit gas in the mine. Batteries in the miners' lamps were believed to have been exhausted, and they were said to have no food left but sugar in addition to alcoholic stimulants.

COPPER PRICE UP
NEW YORK, Feb. 25.—(UP)—The war boom in non-ferrous metals was resumed in world markets today, export copper selling at a top of 16.37 cents a pound early today, or 1.37 cents above the nominal domestic quotation.

PLANS FOR AIR SHOW WILL BE MADE THIS WEEK

Definite plans for Santa Ana's first annual air show, to be held at the Eddie Martin airport early in June will be discussed next Wednesday when members of the aviation division of the Young Business Men's group of the chamber of commerce meet.

The meeting was called today by W. F. Croddy, general chairman of the group and Dale Decker, chairman of the aviation section. The conference will be held at 4 p.m., on that date, in the office of the chamber of commerce.

Under the three-point program outlined for the aviation division by Decker, the air show is the first major objective. In announcing plans for the show Decker said: "The show is primarily for pilots and is arranged to point out to them the importance of Santa Ana as an aviation center and to call their attention to unusual facilities offered at the local airport."

The people of Santa Ana, generally, are more air-minded than any other community of its size in Southern California. Members of the committee know that the citizens will attend the show and will turn their most strenuous efforts toward bringing pilots from all over the state to the affair.

Included in tentative plans for the affair, there will be a big barbecue dinner served at noon for visiting pilots and guests, Decker said. A program of entertainment will be arranged to follow the dinner and all the major aircraft manufacturing firms will be asked to send their latest ships to the field for display on that date.

During the meeting to be held Wednesday Decker will name subcommittees to handle all details of the show and other groups to carry out the other objectives of the three point program including a definite effort to bring airplane manufacturing concerns to Santa Ana and to interest sportsmen pilots in Santa Ana and the beach area as a summer playground.

TWO JAILED IN WITCH KILLING
LOS ANGELES, Feb. 25.—(UP)—A weird witch killing in the Mexican colony, revealed when the flood waters of the Los Angeles river spewed up the body of the supposed victim on its banks last night, resulted today in the arrests on charges of suspicion of murder of Salvador Corona, 28, and Simon Lopez, 40, husband of the dead woman.

Both men denied any connection with the shooting of Mrs. Natalie Garcia Lopez, 38, whose corpse, with two bullet holes in the head and a third in the body, was discovered in the Los Angeles riverbed at the suburb of South Gate. Lopez told Deputy Sheriff A. P. Mendoza and J. H. Morrell that on February 17 Corona became ill and accused Mrs. Lopez of casting the curse of the evil eye upon him.

Lopez said his wife had told him she was going to meet Corona and clear herself of the witchcraft accusation. She did not come back and last night her bullet-riddled body was cast up on the river bank.

PATY BERG BEATEN BY DOROTHY TRAUNG
ORMOND BEACH, Fla., Feb. 25.—(UP)—Dorothy Traung, San Francisco, playing the best golf since she reached the finals of the National tournament in 1934, today defeated red-headed Patty Berg, three up, in the second round of the South Atlantic tournament.

Patty kept plugging away and won the 13th and 14th holes to reduce the California girl's lead but lost the 16th and 17th and the match.

FARM LEADERS PLAN CONCLAVE

Monday has been set tentatively as the day on which Farm Advisor Harold E. Wahlberg will confer with four chairmen of committees, whose reports featured the two-day session here this week of Orange county and state university farm experts and leaders.

"While the conference probably will be held Monday," Wahlberg explained, "it may be found that one or even two of the committee heads cannot be present. If that is the case, we will select another day for the session."

Covering virtually everything in a wide field of agricultural activity in this area, the report of the committees will form a sound basis for activity of all growers and farmers during the next year. Among those expected to attend the conference are J. W. Crill, of Garden Grove, C. V. Newman, of Tustin, Ralph McFadden, of Placentia, and S. W. McCullough, of Fullerton.

Following the conclave, the information in the reports will be consolidated, distributed in systematic fashion to make the recommendations and principles available to all those interested, and machinery set up immediately to carry out the aims of the main conference.

SEARCH FOR AUTO THIEF HELD ENDED

A youthful alleged automobile thief, captured by San Clemente police last night, ended a county-wide search by scores of officers, seeking whereabouts of a car belonging to Paul M. McClelland, 621 East First street, and a second car belonging to a Beverly Hills police officer.

The youth, being returned to Santa Ana today, for prosecution, by Assistant Chief Harry Pink, assertedly confessed to San Clemente officers, he took both cars, abandoning the Beverly Hills car before taking the McClelland car. He will be booked at county jail on a grand theft charge, it was reported.

CLOSE RELIGIOUS COUNCIL
WINTERSBURG, Feb. 25.—(UP)—The closing date of the West Orange County Council of Religious Education training class series, which during the

month of February has convened each Monday evening, with various classes and lectures. The election of officers for the organization for the coming year will be held at table after the serving of

the 6:00 o'clock pot-luck supper which will take place in the church social hall. The regular schedule of classes will then be held, completing the series which has been well attended throughout.

NOW! Millions of more homes can have a genuine General Electric Refrigerator

THE NEW Triple-Thrift REFRIGERATORS

1-You save on PRICE!
2-You save on CURRENT!
3-You save on UPKEEP!

1 It has always cost less to own a General Electric and now it costs less than ever to buy one. You now pay no more for a genuine G-E—look at the price tags!

2 Greater cold producing capacity and less current consumption. The year 'round operating cost of the G-E is much less than you are probably now paying for inadequate, irregular refrigeration.

3 The 10-year record of General Electric Refrigerators for trouble-free economical service stands alone and unchallenged... ask your neighbor!

See for Yourself!
Compare the cabinet styling, convenience features and usable storage capacity, the extra cold producing power, the low operating cost and the price.

The only refrigerator mechanism with forced-feed lubrication and oil cooling that means less current, longer life.

Quickest Way to Ease a COLD

The modern way to ease a cold is this: Two Bayer Aspirin tablets the moment you feel a cold coming on. Repeat, if necessary, in two hours. If you also have a sore throat as a result of the cold, dissolve 3 Bayer tablets in ½ glass of water and gargle with this twice. The Bayer Aspirin you take internally will act to combat fever, aches, pains which usually accompany a cold. The gargle will provide almost instant relief from soreness and rawness of your throat. Your doctor, we feel sure, will approve this modern way. Ask your druggist for genuine Bayer Aspirin by its full name — not by the name "aspirin" alone.

NINE STUDENTS ENTER RACE FOR JAYSEE POSTS

Nominations for sophomore class officers for the second semester at Santa Ana Junior college were completed today. Nine students are in the race for president, vice-president, secretary and treasurer.

Because she was the only candidate to be nominated to that position, June Licht will be declared secretary of the class. Primary elections will be held next Wednesday in college hall, with finals being conducted the following Friday.

Bob Swanson, editor of El Don, is election chairman. He will prepare ballots and be in charge of the vote counting.

Candidates for office are: Vic Rowland, Al Titensor and Gordon Bishop, for president; Tay Riggs, Franklin Guthrie and Bob Brown, vice president; and Howard Rash and Phil Cook, treasurer.

First semester officers were: Vernon Koepsel, president; John Ramirez, vice president; Mary Elizabeth Heaney, secretary; and Betty Lee, treasurer. H. O. Russell is advisor.

HELP KIDNEYS PASS 3 LBS. A DAY

Doctors say your kidneys contain 15 miles of tiny tubes or filters which help to purify the blood and keep you healthy. Most people pass about 3 pints a day or about 3 pounds of waste. Frequent or scanty passage with swelling and burning shows there may be something wrong with your kidneys or bladder.

An excess of acids or poisons in your blood, when due to functional kidney disorders, may be the cause of nagging backache, rheumatic pains, lumbago, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness.

Don't wait! Ask your druggist for Doan's Pills, used successfully by millions for over 40 years. They give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

An independent survey was made recently among professional men and women—lawyers, doctors, lecturers, scientists, etc. Of those who said they smoke cigarettes, more than 87% stated they personally prefer a light smoke.

Mr. Grant verifies the wisdom of this preference, and so do other leading artists of the radio, stage, screen and opera. Their voices are their fortunes. That's why so many of them smoke Luckies. You, too, can have the throat protection of Luckies—a light smoke, free of certain harsh irritants removed by the exclusive process "It's Toasted". Luckies are gentle on the throat.

A Light Smoke "It's Toasted"—Your Throat Protection

AGAINST IRRITATION—AGAINST COUGH

APPEAR IN OPERA

Left to right are Billy Was, Marjorie Johnson, Maurine Waters and Richard Watson, who take prominent parts in the operetta "Tune In" which will be presented at the Julia Lathrop Junior High school tomorrow night.

85 CHILDREN TO TAKE PART IN JULIA LATHROP OPERETTA

"Tune In," the annual Lathrop operetta, will be given Friday night at the high school auditorium. Under the direction of Miss Edith Cornell and Daniel Stover, a cast of 85, including a chorus of more than 80 members, has been intensively trained for several weeks, and an unusually fine performance is anticipated.

The operetta, by Don Wilson, is based on the story of a codfish dealer, Kasper Kroggins, who has decided to tell the world about his product over radio. The star of his program, "Mitzel, the Mystery Soprano," turns out to be Mrs. Kroggins, wife of the sponsor, and owner of a terrible voice. The Kroggins publicity man, Jerry Kennedy, to keep her off the air, pushes her into an elevator and stalls it between floors until the program is almost over. She escapes in time to sing, but into a dead microphone. On discovering the trick, she raises plenty of trouble.

In the second act, amidst low comedy and lively musical numbers, all the difficulties are ironed out, and everything ends happily.

The cast is as follows: Kasper Kroggins, Cecil Herrin; Mrs. Kroggins, Ruth Wallace; Jean Kroggins, their daughter, Marjorie Johnson; Joe Brown, owner of Station WTNT; Billy Was; Jerry Kennedy, publicity man; Richard Watson; Tilly, Milly and Billy, sister team; Betty Haynes; Beverly Short; Ruth McDougall; Dynamo Dave, production manager; Ben Pannell; Milt, switchboard operator; Maurine Waters; Bob, engineer; DeWitt Springmeyer; Mr. Binks, announcer; James Carlyle; Mr. Throokmorton; Jack Atwood; Mr. Phillips; John Coleman.

The trio of "Tilly, Milly and Billy" is said to be an exceptionally clever team, and they, together with Sam Campbell in solo work, will be featured on the program.

The Lathrop orchestra, under Director Stover, will provide music between acts.

CONCLAVE PLAN FOR CHRISTIAN GROUP STARTED

Hundreds of persons are expected to attend the 48th annual convention of the Orange County Christian Endeavor Union, which will see a two-day session in Anaheim churches Saturday and Sunday, March 13 and 14, Vivian Held, of the convention committee, announced today.

"Not I, But Christ" is the title of the theme of the annual convocation, which will be divided into sessions to be held in the First Presbyterian, Christian and Evangelical churches of the city.

Visiting Societies Although committeemen reported that all details for the meeting had not been completed, the work of registration already had started and was progressing rapidly. Additional plans for the affair will be announced during next week.

The convention will run from 2:30 p. m. Saturday and all day Sunday.

Registration parties are covering the Christian Endeavor Societies throughout the county each Sunday evening prior to the convention. There will be many prominent speakers on the program, and the meeting promises to be a great success, members of the main group declared.

THIRD TEETH START AT 34 SHAMOKIN, Pa. (UP)—Levi Kahney, 34, retired Reading railroad employe is growing his third set of teeth. Contradictory to all conventional dentistry theories, Kahney, despite his age, has three teeth of his third set.

managers, Ben Pannell; Milt, switchboard operator, Maurine Waters; Bob, engineer, DeWitt Springmeyer; Mr. Binks, announcer, James Carlyle; Mr. Throokmorton, Jack Atwood; Mr. Phillips, John Coleman.

The trio of "Tilly, Milly and Billy" is said to be an exceptionally clever team, and they, together with Sam Campbell in solo work, will be featured on the program.

The Lathrop orchestra, under Director Stover, will provide music between acts.

COMMITTEES ARE NAMED FOR JAYSEE FIESTA

Appointment of 13 committee chairmen for the Santa Ana Junior college's Fiesta Day program on May 14 was made recently following action of the student executive board upon General Chairman Charles McIntyre's recommendations.

Students appointed are: John Ramirez, program; Henrietta Rupp, supper; Dave Phoenix, arena and oxcart; Ed Velarde, publicity; Elsie Walker, costumes; Bob Bradley, booths; Betty Lee, lunch; Gloria Kirehner and Lawrence Trickey, hospitality; Gordon Bishop, school exhibits and parade; Jack Wallace, tickets; Kenneth Nissly, bull fight; Polly Angus, dance and June Licht, decorations.

According to McIntyre, the general public will be invited to join in the annual Fiesta celebration this year. In past years the Spanish celebration has been staged purposely for the graduating seniors of Orange county high schools.

This year's events will be staged centrally on the College Hall campus making it more convenient for townspeople and students. Float, novelty, and marching entries in the parade by campus service clubs is expected to add the spring carnival in drawing one of the largest crowds.

HOMER GANFIELD'S COLUMN

Youth Speaks Mind During Town Meeting

"The world will little note, nor long remember what we say here—"
By HOMER GANFIELD
Hollywood, Feb. 25.—

YOUTH WILL HAVE ITS SAY tonight as the doors of America's Town Meeting of the Air are swung invitingly open to them. (KECA, 6:30)

Five speakers have been asked to lead the broadcast. There are: Alfred M. Lillenthal, 23-year-old president of the First Voters League; Homer Paul Anderson, editor of the American Farm Youth, age 22; Molly Yard, 23-year-old member of the League of Industrial Democracy and secretary of the National Students Union; Patricia Wood, 21, social-ist graduate of Vassar and young Republican worker, and the chairman for the evening, the 26-year-old president of the American Youth Congress, William W. Hinckley.

The all-inclusive subject, "What Shall America Do For Youth?" was chosen so that both the speakers and those who choose to speak their views from the floor might attack or praise any phase of present governmental or social action affecting young people.

symphony hour
YOUR REPORTER HATES TO allow a Thursday to slip by without a complete program listing of the Symphony Hour. (KFI, 8:15)

However, because we realize that it is perhaps one of the most listened to of the "serious music" broadcasts, we're apt to shove it aside when things get a little too crowded in this corner of ours in favor of a little-known production that we don't want you to miss.

But tonight, regardless of what else might be preying on the old cranium, we're going to squeeze the program in. Here goes:

Overture—"A Midsummer Night's Dream" Mendelssohn
Tragic Symphony, No. 4... Schubert
Andante... Scherzo

Funeral March of a Marionette... Gounod
Andante tranquillo—"Jeux de Timbres"—Isadore Freed
Caprice Espagnole... Rimsky-Korsakoff

CHARTING THE STARS

FRED M'MURRAY

He's the new "Hollywood Hotel" master-of-ceremonies and singing star. Has had one of most spectacular rises in moving pictures. Film career started in April, 1934, while playing in "Roberta." During this engagement sang and played understudy to leading man.

Born in Kankakee, Ill., Aug. 30, 1908. Father is Fred MacMurray, sr., concert violinist. Family made home in Beaver Dam, Wis., for some years. Young Fred attended grade and high school there and in Madison, Wis. Won ten letters for prowess in football, baseball and track.

Enrolled at Carroll college, but left after year to go to Chicago. Ambition was to become a saxophonist. Landed job with stage band of Hollywood theater. Because of previous voice study became featured soloist on the stage. Signed by California Collegians, a cooperative orchestra, in 1929. Fred received featured billing as saxophonist and soloist.

Vital statistics: Fred is 6 feet, 3 inches tall, has brown, wavy hair and blue eyes. Sponsor: Campbell Soup Co. Air time, Fridays, 6:00 p. m., KNX-CBS.

VILLA PARK
VILLA PARK, Feb. 25.—Levera Raney, of Los Angeles, spent yesterday in the home of her parents, Mr. and Mrs. N. V. Raney. She planned to return home this morning.

W. E. Robinson, of El Paso, who has been spending some time in Pomona with his mother, who is ill, has been staying in Villa Park with relatives since Sunday.

Mr. and Mrs. Jack Hapke and son, "Wally," of El Segundo, arrived yesterday to spend a few days in Villa Park with Mr. and Mrs. Walter L. Adams, parents of Mrs. Hapke.

JOB EXPERT IS SPEAKER TODAY AT LIONS CLUB

More than 45,000 persons have been served through the Santa Ana offices of the National Re-employment Service, and of that number, 24,000 placements have been made, according to J. B. Bridgeford, California field superintendent for the national service. Bridgeford, whose offices are in San Francisco, was the principal speaker at today's meeting of the Santa Ana Lions club. He was introduced by Program Chairman Chester Horton.

In tracing the history of public employment service, the speaker said that the idea had its origin in New York over 100 years ago. In 1888, municipal service was established in California. State employment services originated in Ohio in 1890. A nation-wide type of service originated in Great Britain in 1903. In 1907, a service was established in the United States for the purpose of controlling emigration from Europe, the speaker said.

At the beginning of the World War, immigration slowed up, and industry on the other hand, speeded up. There became a lack of men, and consequently offices were established by the government to direct labor to points where it was most needed. At the end of the war, a veterans' bureau was established for the purpose of finding employment for war veterans.

In 1931, there were only 40 men employed by the government in the employment service, Bridgeford said. Today, there are over 1000 in the government service. In California, there is an office in each county.

The musical program today featured a trio from the Santa Ana Symphony orchestra. Those composing the trio were Rose Marie Flint, violin; Evelyn Schieber, cello, and Mary Bruner Ferry, piano.

SENATE APPROVES TRADE AGREEMENT

WASHINGTON, Feb. 25.—(UP)—The senate today passed and sent to the White House a joint resolution extending for three years the power of the administration to make reciprocal trade agreements with foreign nations.

Attacks by Sen. William E. Borah, R., Ida., Sen. Arthur H. Vandenberg, R., Mich.; Sen. Arthur Capper, R., Kan.; and Sen. Warren R. Austin, R., Vt., failed as the senate completed congressional compliance with President Roosevelt's request for extension of the powers.

SEEK INJUNCTION ON DAM PROJECT

MARTINEZ, Cal., Feb. 25.—(UP)—An injunction to forbid construction of the Friant dam, one of the principal units of California's \$170,000,000 Central valley water project, was asked today in a suit filed in Contra Costa county superior court.

The action was filed by Attorney James Peck, of San Francisco, in behalf of Thomas and Evelyn Richardson, who claim the dam, scheduled to be built on the San Joaquin river, would seriously damage or destroy a 640-acre tract they own in the San Joaquin delta district.

Anti-Lynching Bill Introduced

WASHINGTON, Feb. 25.—(UP)—A federal anti-lynching bill, similar to that sponsored unsuccessfully for several years by former Sen. Edward P. Costigan, D., Colo., was introduced in the senate today by Sens. Robert F. Wagner, D., N. Y., and Frederick Van Nuys, D., Ind.

In a joint statement, Wagner and Van Nuys explained the program would provide punishment for any legal officer "whose negligence leads to the lynching of a person entrusted to his custody." It would levy a fine of from \$2,000 to \$10,000 against any political subdivision "which fails to protect and give fair trial to those suspected or accused of crime."

MAY ISSUE ENCYCLICAL
VATICAN CITY, Feb. 25.—(UP)—Pope Pius is contemplating issuing an encyclical as an additional evidence that his energies have not been impaired by his recent serious illness, reliable church circles reported today.

Police News

A \$35 bicycle belonging to Louis Kastorf, 1004 North Parton, Santa Ana, and stolen Tuesday night from the Kastorf front porch, was being hunted by city police today. The bicycle is red and white in color and has United States tires, Mrs. E. J. Kastorf reported.

William H. Smith, 52, transient, was arrested by Officers Harry Fink and Charles W. Wolford last evening at Fruit street and the Santa Fe tracks, and jailed on a vagrancy charge after witnesses alleged Smith had accosted several boys who were walking along the railroad right-of-way. Smith was occupying a box car.

City police were seeking identity today of someone who stole a Kodak radio and a "124" green kodak from an upstairs room of the Latter Day Saints church recently while members of the congregation were working downstairs. L. J. Vaughn, 311 West Myrtle, who reported the theft, said the radio and kodak were valued at \$30.

W. A. Adkinson, 921 Lowell, reported to city police yesterday, the finding of a woman's purse on the lawn at his home. Miss Lois Sturgeon, 130 Orange avenue, contacted police and claimed the purse.

Three girls from San Diego, Ruby Del Pozo, 16; Rosella Garber, 15, and Helen May Francisco, 15, were being sought here by city police yesterday, after a missing persons report was broadcast over the police teletype system. San Diego officers reported the girls were to have visited a friend here.

Police today were seeking a man who, giving a false Costa Mesa address, said his name was James Manzo, and asked T. J. Neal, sporting goods dealer, to buy his revolver. After agreeing to purchase the gun, Neal discovered the serial number had been removed from the gun and refused to go through with the deal, realizing it would be against the law. "Manzo" disappeared.

Ownership of an abandoned and stripped Chevrolet automobile, license 1937, 1-Y-4848, reported parked along the Santa Ana river bank, a block from Harbor boulevard, late last night by Henry Fones, 1709 West Third, Santa Ana, was being sought today by city police and highway patrol officers.

City police today began a campaign to bring in traffic violators who have failed to appear in city court at the prescribed time. Some 14 or 16 traffic bench warrants are being served and the defendants haled before City Judge J. G. Mitchell. Several of the traffic warrants already have been served, it was revealed.

Two Mexicans, Crescenciano Contreras, 40, and Gregorio Contreras, 25, employees of the Leffingwell ranch, Los Angeles county, were booked at county jail last night by federal officers who charged them with violating the immigration laws.

Golf Professional Ray Renwick of the Santa Ana Country club reported to sheriff's officers yesterday that when he returned to his headquarters, he found \$50 in cash missing from the cash register. Officers James Workman and A. W. Fullerton were conducting an investigation today.

Owners of the Gleason store at 461 Ocean front, Sunset Beach, today reported a burglar used an ax last night to smash a window and gain entrance to the place. Mrs. Gleason was uncertain of the amount of loot obtained. Sheriff's officers were investigating today. Mrs. Gleason said burglars entered the store twice last year.

The car reported abandoned along the Santa Ana river banks, near Harbor boulevard, yesterday, is registered to Miguel Mercado, Placentia, sheriff's officers who investigated, reported. The car had been stripped by thieves.

Employees of the Highway garage, Costa Mesa, reported yesterday, the presence of a mad dog in the neighborhood and asked sheriff's officers and News, 12:30, 34, 12, 13, 14, 15, 16, 17, 18, 19, 20, 21, 22, 23, 24, 25, 26, 27, 28, 29, 30, 31, 32, 33, 34, 35, 36, 37, 38, 39, 40, 41, 42, 43, 44, 45, 46, 47, 48, 49, 50, 51, 52, 53, 54, 55, 56, 57, 58, 59, 60, 61, 62, 63, 64, 65, 66, 67, 68, 69, 70, 71, 72, 73, 74, 75, 76, 77, 78, 79, 80, 81, 82, 83, 84, 85, 86, 87, 88, 89, 90, 91, 92, 93, 94, 95, 96, 97, 98, 99, 100.

SPANISH ACTRESS REPORTED EXECUTED

GIBRALTAR, Feb. 25.—(UP)—The Spanish cinema star, Rosita Diaz has been executed as a spy by nationalist troops, unconfirmed reports said today.

Rosita Diaz is a familiar figure on the Spanish stage and screen and also has appeared in French, Latin and American films. She is a petite, brown eyed beauty with red blonde hair.

She has appeared in about 35 plays in Spain. She later made pictures in Paris for Paramount and also French films, including one with Maurice Chevalier. Next she signed up with Fox films.

M'GRADY HITS SPY SYSTEMS

WASHINGTON, Feb. 25.—(UP)—Assistant Secretary of Labor Edward F. McGrady declared today that the "best figures obtainable" show that 45,000 out of 27,854,000 workers employed in six great industries are now on strike.

"So far as the number of strikers and man-hours lost are concerned, with exception of the automobile strike, we are running a little below normal," he said in an interview.

McGrady warned, however, that "we are not handling our labor relations in a constructive and intelligent manner," and that the use of "elaborate spy systems, gas or guns, paralyzing industrial operations, should have no place in modern society."

His observations followed vigorous criticism of the sit-down strike technique by Secretary of Commerce Daniel C. Roper. Roper indicated in a press conference that he hoped court action would halt the spread of such demonstrations.

It was learned from sources close to Attorney General Homer S. Cummings that he, too, considers sit-downs "patently illegal."

"The sit-down strike is not new," he said. "It was used almost 400 years ago in France. In recent years it has been used in France, England, Italy, Yugoslavia, and in a strike in this country in 1934. During the past year its use has increased."

"I do not know what the future holds in the way of industrial trouble but I repeat there is nothing abnormal in the present situation so far as numbers are concerned."

Doctor Called By Famed Singer

SAN FRANCISCO, Feb. 25.—(UP)—Gracie Moore, famed opera and movie singer, summoned a doctor to her hotel room immediately upon her arrival to fulfill a concert engagement with the San Francisco symphony orchestra tonight.

Miss Moore hurried to a hotel after arriving on an early morning train. She locked the door to her suite and declined to answer the telephone, but notified the management she needed a physician.

Court Notes

Appeal of the \$92 judgment awarded Verde Richardson against Fullerton High school district in Fullerton justice court, was being heard today by Superior Judge G. K. Sovell. The girl claimed damages because of injury received allegedly from a too strenuous physical education course.

Charging cruelty, Dorothy Ennis today filed suit in superior court for a divorce from Jack Ennis. They wed in Stanton, Nebraska, November 30, 1933, and separated September 7, 1936.

Employees of the Highway garage, Costa Mesa, reported yesterday, the presence of a mad dog in the neighborhood and asked sheriff's officers and News, 12:30, 34, 12, 13, 14, 15, 16, 17, 18, 19, 20, 21, 22, 23, 24, 25, 26, 27, 28, 29, 30, 31, 32, 33, 34, 35, 36, 37, 38, 39, 40, 41, 42, 43, 44, 45, 46, 47, 48, 49, 50, 51, 52, 53, 54, 55, 56, 57, 58, 59, 60, 61, 62, 63, 64, 65, 66, 67, 68, 69, 70, 71, 72, 73, 74, 75, 76, 77, 78, 79, 80, 81, 82, 83, 84, 85, 86, 87, 88, 89, 90, 91, 92, 93, 94, 95, 96, 97, 98, 99, 100.

ROBBERY MYSTERY ENDS WITH ARREST

Alleged robbery at Marie's Auto Court cafe, Doheny Park, last September 2, early in the morning, was partially cleared up today. After months of investigating by sheriff's officers, Julian Belasquez, night chef at the place, assertedly admitted to sheriff's officers James Workman and A. W. Fullerton, that he had helped himself to \$13 from the cash register to pay bills owing. At the time of the alleged robbery, Belasquez declared a dark complexioned man had entered the place about 4:30 a. m. and stuck him up at the point of a revolver.

BORAH ATTACKS TRADE PROGRAM

WASHINGTON, Feb. 25.—(UP)—Terming powers granted the executive branch under the reciprocal trade treaty program unconstitutional, Sen. William E. Borah, R., Ida., today called for amendment of the program to require senate ratification of all trade treaties negotiated.

Borah spoke in support of an amendment providing for such ratification offered by Sen. Arthur Capper, R., Kans., to the pending bill to extend reciprocal trade powers to 1940.

Borah's attack was part of strong Republican criticism of the program. The senate had just defeated an amendment proposed by Sen. Arthur H. Vandenberg, R., Mich., preventing inclusion in reciprocal treaties of any clause tending to restrict internal taxing powers of congress.

U. S. MAY REOPEN WAR TIME PLANT

WASHINGTON, Feb. 25.—(UP)—Administration officials were disclosed today to have reversed their policies on the possibility of the government producing its own armor plate if the navy steel shortage continues.

High sources said reopening of the war time armor plate plant at South Charleston, W. Va., was being considered as a result of the failure of steel manufacturers to bid on navy contracts. The steel shortage threatens to delay U. S. naval construction.

Potential value of the big factory to the navy's building program has increased as the deadlock between steel companies and the government continued. Manufacturers insist that they can not meet the 40 hour week regulations imposed on government contractors by the Walsh-Healey act.

"DENTURE STATIC" A FALSE TEETH

Why tell the whole town you wear dentures by allowing loose plates to cause mumbling, hissing speech, or to click or pop out? FASTEREETH, new improved powder grip plates tight for 24 hours. Special alkaline content prevents sore gums, denture breath. Tasteless. No nausea. Get FASTEREETH at any drug store. When mouth tissues change, see your dentist—Adv.

INTEREST RISES IN PLANS FOR CITRUS MEET

Unusual interest already has been manifested in the program that is shaping for the annual Orange County Citrus Growers Institute, which will be held in the Anaheim high school auditorium Tuesday, March 9, C. Jack Zinn, head of the farm bureau citrus department, announced today.

"Much of this interest," Zinn explained, "revolves about the frost problem, and this and the fact that the institute has been well attended in the past, gives us basis for the belief that attendance this year will establish a record."

Between 700 and 1200 men and women are expected to attend the convocation, which is under the auspices of the Agricultural Extension Service and the citrus department. These two divisions in the county have invited all persons interested in the work, as well as growers.

Farm Advisor Harold E. Wahlberg said the morning and afternoon sessions would be featured by the discussion of topics dealing with the immediate problems of the citrus industry.

"The effect of the recent freeze on this year's crop, how tree and orchard management will be affected this season, and plans to meet the season's marketing and standardization problems, all will combine to make the general theme of the day's program," Wahlberg said. The farm advisor is cooperating with the program committee in completing details for the conference.

TOWN MEASURES AWNINGS

WALTHAM, Mass. (UP)—Waltham police are holding an awning inspection of all street-floor business establishments in the city. Patrolman Horace A. Sanderson, a six-footer, bumped his head on the same awning twice. Hence the action.

Tortoise shell is obtained from the hawksbill turtle.

DRUGGIST SELLS COLD MEDICINE 2 DAYS AT 25c

Offer Unheard of Before in This City! Sontag Drug Prepares for Crowds of Sufferers from Colds, Nasal Catarrh and Sinus Congestions

If you were told that you could get glorious relief from those awful strangling congestions in nose and throat—from suffering of nasal catarrh, stuffy clogged nostrils, hay fever spasms, sinus irritation and cold congestions, for only 25c—when thousands of other people have paid \$1, it would sound too good to be true, wouldn't it? Yet this is all true, and the druggist making this unusual offer is Sontag's, right here in this city.

Why Offer Is Made!

This offer is made because Sontag Drug believes that people who are suffering from these misery-causing congestions should have a chance to try a medicine first—at a mere fraction of its cost—to see if it will help them, and we believe thereafter that any well-meaning person would gladly pay the full price when they require such medicine again.

So many people in this vicinity are suffering from clogged-up nasal passages that Sontag's have arranged a special trial plan whereby the remarkable Copinol Nasal Medicine, which ordinarily sells for 75c and \$1.00, can be tried for only 25c. This opportunity—offered for the first and only time to the people of this city—is good this Friday and Saturday only.

What Medicine Will Do!

A small quantity of this amazingly effective medicine has been put up in generous trial-size bottles, and Sontag's invites every sufferer from Nasal Catarrh, Bronchial Asthma, Hay Fever, Sinus Irritations and Clogging Mucus Congestions to tear out the coupon below and bring it in to the drug store Friday or Saturday. Like the thousands of others who have paid \$1.00 for Copinol, you, too, will praise its amazing effectiveness in clearing out germ-laden mucus and strangling phlegm—its soothing antiseptic action which helps clear and relieve inflamed nasal membrane and reduce that awful swelling, so you can breathe normally. Copinol Nasal Medicine is noted for its unusually effective and longer-lasting medication. It cannot be compared with ordinary cheap nasal medicines which only give temporary relief. You can experience the amazing action of Copinol yourself—for only 25c instead of \$1.00—by simply tearing out the coupon below and taking it to your Sontag Drug Store Friday or Saturday.

This Coupon and only 25c Entitles Bearer to Introductory Trial Treatment of Copinol Nasal Medicine (Regular Price 75c and \$1.00)

SONTAG DRUG STORE
116 East Fourth St.
This FRIDAY and SATURDAY Only

Brain Twizzlers

By PROF. J. D. FLINT

Far from civilization was a small town which had sprung up as the result of the discovery of a large supply of valuable natural resources.

In this town lived a merchant who sold foodstuffs, etc. to the residents. He owned the only coffee-grinder and saw to it that no ground coffee was available so that the people had to come to him to have their coffee ground. The merchant charged a fee of one-tenth of the coffee that he ground for the service. At this rate, how much coffee must a resident bring to be ground in order to have a pound of coffee to take home after the fee had been taken?

Gas Pressures Now Measured By New Ruler

WASHINGTON, (UP)—The U. S. Bureau of Mines has announced a new method to determine to what extent a gas may be compressed without actually compressing it.

Devised in the laboratory of the Amarillo, Tex., helium plant, the procedure has important uses in the natural gas and other industries, the bureau said. It employs the measurement of pressures and observation of temperatures and is simpler than the measurement of volume by actual experiment.

Before industrial advancements required knowledge of the compressibility of gases, such data were purely of scientific interest. Compressibility was computed under the "laws" of the early scientists Robert Boyle and J. A. C. Charles, but no real gas followed those laws exactly.

Now the error in computing compressibility by the laws and the complexity of the customary commercial methods have been eliminated by the new procedure,

100 CHILDREN TO BE IN SHOW

One hundred children from Orange county cities are to be presented Friday evening at the Fullerton Wilshire auditorium in a P. T. A. benefit. The production will begin at 8 p. m. and the young actors and actresses are the famous Meglin Kiddies. Mrs. Frank Stroschein, president of the Maple Avenue P. T. A. of Fullerton, and Miss Elsie Carlson, teacher of the school, are in charge of details of the performance.

The show is said to be a fast moving production and is elaborately costumed. Billy DeShon and Mrs. Esther Shields are the teachers and directors of the Orange county Meglin studios and are in charge. Clayton Garrison, of the Huntington Park studio, will be master of ceremonies.

Children taking part are Sara Sweet, Joan Cole, Carol Purcell, Violet Nelson, Betty Courtney, Junior Paine, Barbara Sutton, Delores Moody, Marilyn Talmadge, Barbara Muench, Jeanette Ehnman, Marilyn Williams, Jackie Coburn, Dorothea Isaacs, Loei Beth Fuller, Mary Ann Sievers, Jo Ann Shields, Darlyne Kruger, Nancy Ames, Nancy Shryock.

Shirley Chastain, Marjorie Kinny, Marlene Lemke, Marilyn Fenton, Leroy Paris, Nancy Talmadge, Diane Robinson, Darryl Meierhoff, Lerna Jean McCannless, Joan Dierker, Shirley Carroll, Emily Farmer, Willa Prell, Robert Cummings, Wayne Davis, Dorothy Dittmer, Noreen Stein, Joan Spencer, Laura Lee Bowie, Jacqueline Whiteman, Terry Kilduff, Marilyn Stuckie, Charles Salverson, Louise Spezia, Jacklyn Keller, Stanley Loudon, Kent Garner, Maurice Kidd, Alice Pike, Beverly Corcoran, Joan Jackson, Mildred Crespin, Joan Redmond, Jadeane Collins, Doris DeWitt, Shirley Jean Lynch, Jean Young, Wanda Rinehart, Maxine Ruekile, Beverly Emerick, Louise Seavy, Marion Merrill, Jacqueline Cone, Doris Essary, Shirley Essary, Jeanne Pearce, Lyla Rose White, Marilyn Kellogg, Jean Kellogg, Clay Kellogg, Doris Metz, Arline Kletke, Roberta Cobb, Lilly Runge, Janice Showalter, Betty Lou Lee, Greta Mae Gulick, Marjane Gould, Patricia Amundson, Glenary Wells, Elaine Reynolds, Marion Heinicke, Lois Bradley, Jack Phillips, Dorothea Lene, Marjorie Buehly, Phyllis White and Colleen Allen.

devised under E. S. Burnett of the bureau.

The method is expected to be of particular use in the development of deeper, high-pressure sources of natural gas and of increased pressure in transmission lines.

mon, Sonja Henie, Tryone Power, Don Ameche. It is this ability to build new personalities in good pictures that has lent magic to the three words, "Zanuck wants you."

I arrived on the "Wake Up and Live" set just after a dramatic incident had occurred. Jack Haley had been playing the part of a mike-frightened radio singer. He was supposed to be so scared as to faint in the middle of a song. Rehearsing the scene, Haley had difficulty with the fainting bit, and director Sidney Lanfield became impatient. "Watch me," he finally ordered Haley. Stepping to the microphone, he began to sing. Suddenly he keeled over, and everybody simply stood still and watched him. Seconds passed, and then an assistant director abruptly sensed that all was not well. Hurrying to the director's side, he discovered that Lanfield had really lost consciousness. He remained in a coma and was carried off the set, victim of influenza.

I lunched with pool-eyed Simone Simon in the studio cafe. One look from that gal's orbs, and a man would tackle a navy of alligators bare-handed. Right now the changeable French actress is getting a real kick out of a new club, called "Double Doubles," formed in her honor. To belong, one's first and last names must match. Present members, for example, include Darsie L. Darsie, a golf writer; Gordon Gordon, a publicity expert; and two studio employees named George Georges and Arthur Arthur.

The list of members is swelling, and Simone is apparently taking a great personal interest in finding other doubly named persons. If you are eligible, you might write to her.

The action in "Slave Ship" takes place on a small sailing bark in the year 1840. I watched a fight scene in which Wallace Beery and Warner Baxter were having difficulty confining their skirmishes to a small area marked out as "in camera bounds." After spilling several scenes by over-stepping these bounds, Beery griped, "I can't do it here. There isn't enough room to swing a cat!" "Well," chided Baxter, "don't forget that this is a movie—not an acrobatic act."

THIS SPRING TRY— MARTIN-SENOUR 100 PERCENT PURE PAINTS

BRIGHTEN YOUR HOME WITH OUR QUICK-DRYING ENAMEL

High, Lustrous Finish
The rare beauty that Kolor-Brite imparts to any surface on which it is applied has won the praise of painting experts everywhere. This exceptional beauty is due, of course, to the extremely high lustre and the artistic colors in which Kolor-Brite is offered you. Wherever you use Kolor-Brite, you can depend on it to radiate cheer and create a most friendly atmosphere.

Use It Anywhere
Kolor-Brite can be used for any purpose, either outside or inside—on plaster, wood, metal or concrete—can be used for walls, woodwork, furniture and even floors. In fact, wherever you want to have a gay, colorful decorative effect, you will find Kolor-Brite your willing servant and one that is certain to please you.

Fast Drying—Easy to Apply
Anyone who likes to paint will thoroughly enjoy using Kolor-Brite. It flows easily off the brush, levels smoothly, and never shows a sign of brush marks or laps. It dries quickly to a very hard, porcelain-like surface, which makes it possible to do any job in record time. Anyone can use Kolor-Brite and be sure of a professional-like finish.

Exceptional Wearing Qualities
Due to its exceptionally hard finish, Kolor-Brite is able to withstand the damaging action of the elements with ease. It is also impervious to rapid temperature changes and even acids find it difficult to penetrate its glass-like surface. You can depend on Kolor-Brite to wear well and always have a fresh-attractive appearance.

LOCAL K. OF C. BEGINS DRIVE IN EDUCATION

Aroused by inroads into North American life made by so-called atheistic, iconoclastic and subversive forces, the Santa Ana Knights of Columbus have joined in the inauguration of a counter-campaign of education and action to be known as the Knights' Crusade.

The Crusade will be conducted by a half million men in 2500 councils in the United States, Canada, maritime provinces and American territories.

Directed principally against Communism, irreligion, family destruction and their allies, the movement is dedicated to the motto, "The Crusade Conquers Destroyers."

Announcing the Knights' Crusade, Supreme Knight Martin H. Carmody of Grand Rapids, Michigan, recently declared, "The Saracens did not perish in the crusades nine centuries ago."

"A like enemy of civilization still lives. He still defies sacred places. He still attacks the pilgrims of faith."

"The Knights' Crusade accepts his challenge. In this movement of the Knights of Columbus we propose to extend our battle against this foe of civilization and his unholy hosts."

"In evidence of practical charity, our order reaffirms in the Knights' Crusade its enmity against the ever-present Saracen."

"In this program," Carmody concluded, "we marshal our forces and gird our warrior Knights with the armor of charity and the weapons of truth to combat ceaselessly with Communism, irreligion and family destruction."

poetic puzzles

by ALLEN M. PAPURT

Each verse below conceals the name of a fruit with the letters in proper consecutive order. Answers will be found on the Classified Page.

XXXXII
The Sultan of a South Sea Isle
Said, "We must make a rule
To ban a native from this land,
Who will not go to school."

Since tourists from all other lands
Are spending money here,
It must appear that native men
Are honest and sincere.

Now if we learn our A B C's
And how to add, and such,
There's nothing to stop each of us
From making little much.

When strangers bring their dollars
Here,
We'll cap pleasure with finance,
And make each cent more to see
Our ceremonial dance.

TREAT A COLD AS IF YOU MEAN IT!

Don't Fool Around with Half-way Measures and Invite Serious Complications!

One of the worst things you can do is "kid around" with a cold.

The so-called "common cold" causes more serious sickness and more enforced absence from work than anything else.

It's a mistake to treat a cold lightly. A cold calls for a cold treatment and not a "cure-all". A cold calls for internal treatment, for a cold is an internal infection.

One of the best things you can take for a cold is Grove's Laxative Bromo Quinine. Your own doctor will tell you that.

First of all, Bromo Quinine is a cold tablet, made expressly for the treatment of colds.

Secondly it is internal medication and of fourfold effect.

Here's what it does:

First, it opens the bowels, an advisable step in treating a cold.

Second, it checks the infection in the system.

Third, it relieves the headache and fever.

Fourth, it tones the system and helps fight against further attack.

Bromo Quinine tablets now come sugar-coated as well as plain. The sugar-coated are exactly the same as the regular, except that the tablets are coated with sugar for palatability.

Play safe in your treatment of a cold! The moment you feel the first symptom, go right to your druggist for a package of Grove's Laxative Bromo Quinine.

Start taking the tablets immediately, two every four hours. That action will usually break up a cold in 24 hours.

Bromo Quinine contains nothing harmful and is safe to take. Ask the druggist for Grove's Laxative Bromo Quinine and insist upon getting what you ask for!

The few pennies' cost may save you a lot in medical bills.

Lindys' 'Flying Holiday' Plane Skims Path Over Three Continents

Lindy and Anne went alone on their flying holiday, but they did not lose the interest of the world as they took their "second honeymoon" over the 5000-mile area shown on the above map. Leaving London they skimmed over Europe, touched Italy, northern Africa and southwestern Asia, keeping each new destination a secret. Their route is indicated by the white line on the map. Top photo shows the Lindbergh plane as it dropped out of the skies to the Littoria Airport at Rome, and at left, Charles and Anne Lindbergh just after they stepped from their plane to be greeted by Gen. Italo Balbo, governor of Libya.

REALTORS TO HEAR WAHLBERG FRIDAY

Members of the Santa Ana Realty Board in regular session Friday noon at the Rossmore Cafe, will hear many of the chief aims of Orange County agricultural leaders when Farm Advisor Harold E. Wahlberg will be the principal speaker.

The indication is that Wahlberg will tell of the movement now under way among representative farm groups to discourage the sale of the small farm unit in instances where the prospective purchaser intends to obtain his entire living from the small orchard or farm.

This was one of the main points brought out this week at a two-day conference of local and state farm experts in the farm bureau hall.

Earl B. Hawks, president of the realtors' board, and Oliver Lindemeyer, secretary, said also that Wahlberg likely would discuss the present condition of agriculture following the recent cold spell and freeze.

FISH MEAL FED TO COWS
PULLMAN, Wash. (UP) — Fish meal in concentrated mixtures has been fed to dairy cows with satisfactory results during several experiments in recent years, reports the department of dairy husbandry at Washington State college. Some experiments showed a lowering of the butterfat test, but in no cases were off-flavors or odors detected in the milk.

UNUSUAL CONVERSATION BARES TALK WITH U. S. WAR CHIEF

By JOHN NEUBAUER
A TALL, heavy set individual was watching the ground keeper's crew renovate the Fullerton baseball diamond preparatory to the spring training activities.

It was a warm, sunny day last week. Sunshine had followed the rain. But the work was going on according to schedule.

Having spaded the vast expanse that was the infield, the crew of men were dragging a crude sled over the rough earth to smooth it off and make it springy for the cleated athletes.

Now and then as the men stopped to turn their sled around, this tall portly gentleman would explain the wonders of another sport—fishing in the high Sierras. His audience was attentive.

"Yes, sir!" he explained. "That sure is wonderful country. Why any man would be willing to fish up there."

"You just show me the place. I'm game," one of the interested workers put in his nickel's worth.

But while fishing may be an interesting topic and a mighty fine pastime as only one man in a thousand never has the privilege of enjoying this sport, fishing isn't the feature of this yarn. The tall, distinguished looking gentleman doing the talking was more important.

"What did you say your name is?" the foreman of the workmen asked the portly gentleman who was doing most of the talking.

"You know I can't remember names, Pat."

"Wilson," was the answer.

"Sure, he was named after the President," another put in.

"And you can bet it was a long time afterward, too," Mr. Wilson came back. But therein lies the bulk of this yarn.

"But I had quite a talk with him," Wilson said as he recalled his conversation with the war time President of the United States.

He was not interrupted. Everyone listened attentively as he continued:

"It was before the election and Wilson was making a campaign tour of the west. For some reason or other the parade stopped while his car was headed south on Figueroa street. I was just standing there."

"All of a sudden I thought he was calling to me and I just answered back. He motioned for me to come to the car. I did and we had quite a chat."

"You should have seen the secret service men look me over as I was standing there talking with the scholarly professor who was the President seeking another term."

"I remember that! And California put him over that year, too!" another worker put in.

"What did the old boy have to talk about—the unusual weather. It was unusual then, wasn't it?" another asked.

"Well he wanted to know about conditions and what the people

REVEAL CHANGE IN PLAY CAST

A change in the cast of the Community play, "The Importance of Being Earnest," was made necessary at this late date, when that veteran member of the association, Harry Brackett, found it impossible to continue in his plans to play the servant role of "Merriman."

However it was possible to fill his place and Emmett Thompson, a teacher at Logan school, has consented to take the part.

Fortunately for him, in view of the fact that production dates are barely a week away, there are few lines, as the role is one of the minor ones. Thompson was one of the guards in the recent successful Community play, "Judgment Day."

He has played leads in Redlands university productions, and is to take the leading part in the one-act play to be presented in The Barn in March.

"The Importance of Being Earnest" is perhaps one of the best known of the long list of plays given by the local association. Oscar Wilde was famous for his scintillating writing, and this particular play is one of the wittiest things he ever wrote.

Its plot revolves around a most ingeniously manufactured case of mistaken identity when a young man invents a mythical character on whom he may put off some of his own shortcomings.

A play of the so-called "Maude Decade," the production is being staged by the Players in the spirit of the era in which it was written. Many striking costumes of the "Gay Nineties" have been loaned by their owners for the two evenings it will be presented, Friday and Saturday, March 5 and 6.

The main costume difficulty has been in securing men's garments of that era.

The cotton gin was patented by Eli Whitney in 1794.

UNIQUE MOVIE TO BE SHOWN HERE TONIGHT

"South of Zamboanga" is the title of the all-sound motion picture that will be shown for the adult education travel class at 7:30 p. m. today in the Frances Willard, Jr., high school auditorium.

These pictures, member of the committee in charge, explained, are shown through the courtesy of the Dollar Steamship lines and the Julia Ann Hyde Travel Service.

The pictures are new, never having been presented in Orange county. They were sent from the Dutch Lines in San Francisco.

Public invited
They show places of interest in Bali, Java Sumatra and all the Dutch East Indies. They are educational as well as entertaining.

The public is invited to attend the travel talks which are held the second and fourth Thursdays of each month, in connection with the adult education night school work.

WINNER

George Honore, talented young accordion player who won first prize in the "talent search" being conducted in connection with the annual ball to be sponsored by the Orange County Peace Officers' association.

HORTON HIGHLY PLEASED WITH THE NORGE UNIT

Once again the pace for household refrigeration with an entirely new refrigeration unit has been set by the new Norge refrigerator for 1937, according to George Horton, of the Horton Furniture company, 517 North Main street.

"The new kind of refrigeration," Horton explained, "is the Norge Low-Temp, which keeps food two to five times longer."

"It keeps it in the zone of prime freshness by eliminating loss of food moisture and maintaining lower temperatures. This remarkable new Norge Low-Temp actually preserves market fresh taste longer than many refrigerators preserve food against complete spoilage, and yet it costs no more to operate than any other electric refrigerator."

Faster Freezing
In addition to better food preservation you get much faster freezing of both ice cubes and desserts and a heretofore unknown smoothness in home-made ice creams, Horton said.

"The heart of the Norge refrigerator, the basis of its phenomenal performance, is the famous Rotator with its smooth, easy rolling power. In the new Norge the Rotator has been actually improved to provide even more cold for the current used. This is very remarkable because Norge owners have always prided themselves on the low cost of operation in previous models. Among the many improved features of the new Norge refrigerator is the increased possibility of shelf arrangement. Virtually a possibility of nine different arrangements may be made in the new 1937 Norge interiors."

TOWNSEND CLUBS

Club No. 1 will meet tonight at 7:30 o'clock in the Roosevelt school.

Club No. 10 will hold its first regular meeting at Townsend hall, 218 East Fourth street, Friday at 7:30 p. m. After the business meeting there will be an entertainment and the Rev. Rex Barr of Long Beach will be the speaker. The public is invited to the meeting.

In this contest was "Steps Going Down," by John McIntyre.

Mrs. White's second selection was "Elizabeth: the Empress of Austria," by Count Corti, necessarily a somewhat sad biography but which, at the same time, the reviewer found charming and absorbing and a vivid picture of "the tragic Empress" and her period.

SCHOOL OFFERS BOOK REVIEWS

On the third Thursday of each month the Adult Education department is providing a series of book review evenings at the Willard auditorium. Mrs. Muriel White is the leader of this study group.

Last Thursday night, in the first of the series, she presented to an enthusiastic and appreciative audience a group of comprehensive short reviews of several timely books.

The first book on the list was the novel which won the prize in an international novel contest sponsored by publishers and a motion picture company. It was "The Street of the Fishing Cat" by Joan Folde. Mrs. White characterized it as "interesting" and an excellent picture of a side of Parisian life not frequently found in books.

The fact that the book won a prize of \$19,000 has "brought down the wrath" of the critics, according to the reviewer, and they have not hesitated to use and emphasize any defects. It is a translation from the Hungarian, Mrs. Folde's native language. The American novel which was selected for entry

in this contest was "Steps Going Down," by John McIntyre.

Mrs. White's second selection was "Elizabeth: the Empress of Austria," by Count Corti, necessarily a somewhat sad biography but which, at the same time, the reviewer found charming and absorbing and a vivid picture of "the tragic Empress" and her period.

SOCIETY AND CLUBS

WOMEN'S ACTIVITIES

Saturday To Bring Style Revue; Tea

Ushering in the early spring season, members of Beta Sigma Phi sorority will welcome guests at a fashion revue and musicale tea to be presented Saturday afternoon from 3 to 5 o'clock at Danigers. The affair will be open to the public at a nominal admission.

Completion of plans for the affair was announced today by the president of the literary sorority, Miss Katherine Spicer. Miss Mary Ford, general chairman, has assistance of Miss Jean Ema, tickets; Miss Lena May Wilsey, art; Miss Delphina Lopez, music. On the general party committee are the Misses Lillian McDonald and Marie LaBrucherie, with the Misses Lucile McDermott, Mildred Staples and Elsie Siemsen as hostesses.

Mrs. C. W. Hyde, Jr. will preside as mistress of ceremonies during the afternoon. Spring costumes from Ronscholdt's will be displayed by professional models from Hollywood and by a group of local girls. Tea will be served.

Music will be provided by a trio composed of Georgia Belle Walton, violin; Audrey Pieper, piano; Anna May Archer, cello.

Advance reservations for the affair indicate that many guests will be in attendance at the tea Saturday afternoon. Tickets may be obtained from committee workers or other members of the sorority, it was announced.

Santa Anans Attend Concert in Claremont

Several Santa Anans were in Claremont Tuesday evening for a concert which Nathan Milstein, well known violinist, presented in Bridges hall.

Mr. and Mrs. Maurice Enderle, Dr. and Mrs. H. J. Howard and the Rev. Julia Budington formed a party. Major and Mrs. M. B. Wellington joined Dr. and Mrs. W. S. Ament and Mr. and Mrs. Elliott Lincoln of Claremont for the occasion. Dr. Ament is president of Claremont colleges, and Mr. Lincoln is connected with Pomona college.

Other Santa Anans attending were Mrs. E. D. White, Mrs. L. F. Moulton, Mrs. Harry Hanson, Dr. and Mrs. M. W. Hollingsworth, Miss Myrtle Martin, Miss Dorothy Decker, Miss Laura Jolner, Miss Marie Smith, Honore Evans, Mrs. J. L. Steffensen, Mrs. Fred Ferrer, Miss Eugenia Gilbert, Miss Gilbert and Miss Jane Ellen Anderson of Costa Mesa joined the former's sister, Miss Geraldine Gilbert, a student at Pomona college, in attending the concert.

Pleasant Party Given As Club Benefit

Nine tables were required for the party guests taking part in the different games provided Tuesday afternoon by Social section members of the Woman's club of Santa Ana, staging a benefit party in the G. V. Linsendard home, 415 West First street.

Mrs. Earl M. Waycott as chairman of the hostess committee, was joined in entertaining by Miss Linda Kroeker, Mesdames C. W. Clarke, E. B. Kruger, Hal Noel and George de Rouillac. They had arranged for the serving of ice cream squares centered with red hatches, coffee and white frosted cake sprinkled with sparkling sugar in the patriotic colors.

Among winners in the three games divisions were Mrs. F. E. Littrell, a bag game; Mrs. J. Brown, contract bridge and Mrs. Angela Yahn, auction bridge.

FOR BRIDGE PLAYERS

Mrs. G. W. Leive was hostess Tuesday to her luncheon and bridge club in her home at 3419 North Main street. The luncheon table was centered with a bouquet of stocks, sweet peas, daffodils and hyacinths in dainty pastel shades.

Members present besides the hostess were Mesdames C. H. Caldwell, C. C. Fuller, Warren Freeman, Chester Hawk, William Kistinger, R. R. Matthews, John Turner and guests, Mesdames Clarence Borg, G. G. Dowds, John Criddle, Irwin Spicer and Jack Quill of Indianapolis, the latter being a houseguest of Mrs. Leive.

And Style To Boot!

What Marlene Dietrich does with some of that \$365,000 salary she is reported to receive, is shown by this costume in which she recently arrived in New York. With her hair for the exotic in dress, she appeared in a brown tweed suit showing the Russian influence with its Cossack boots, its hat, muffs and tunic of beaver. By the way she dismissed rumors of a divorce from Rudolf Sieber.

Riding Section Formed Within Ranks Of Junior Ebell Club

Although organization of Junior Ebell society's newest section—a riding group—did not take place until yesterday afternoon, the section already is closed, it was announced today by Mrs. Charles McDaniel Jr., curator of the group.

Those interested in the new group assembled early yesterday afternoon at Parkmoor Stables. After a riding session, members went to the home of Mrs. McDaniel, 2446 North Park boulevard, for a business meeting and social hour. Miss Betty Jane Moore was named leader of the equestriennes. Members made plans to meet at Parkmoor Stables on the second and fourth Wednesdays of every month. This will bring the next meeting on March 10. It was suggested that a second riding section be organized for Junior Ebell members interested in riding Saturday afternoons.

Mrs. McDaniel was assisted by Miss Moore in serving refreshments. Others who have signed as members of the section are Mesdames Herbert Stroschein, S. A. Hornbuckle, Ray Tarr, George Walker, Harold Dale, Edmund West, Raymond Terry, John Scripps, Arthur Wade, Q. L. Hardy and Miss Mildred Spicer.

Mrs. Francis Norton, 805 South Parton street, was hostess to her bridge club Tuesday evening. After bridge play during which Mrs. Harold Vieira received high score, the hostess served Mexican chili beans.

Members present included Mesdames Ralph Adams, Howard Anderson, Charles Kendall Jr., George Horton all of this city; Mrs. Harold Vieira of Fullerton; Mrs. A. Tinsner of Corona; and a guest, Mrs. Stanley Norton.

The next meeting will be March 9 at the home of Mrs. Russell Tibbets, 1719 North Main street.

Four Hundred Guests Attend Spanish Dinner

Staging a Spanish dinner last night in Masonic temple, Mothers' Circle of Santa Ana bethel Job's Daughters welcomed more than 400 guests to a benefit affair whose proceeds will be used in furnishing the bethel's cabin now under construction at Forest Home.

Mrs. Walter Hiskey was chairman of the dinner, which was served at 6:30 o'clock. Throughout the dinner hour appropriate music was played by a string trio. Decorations arranged for the occasion included candles set the length of the tables.

Following the meeting was a regular session of Job's Daughters, with Miss Charlotte McCausland in charge. Announcement was made that Deputy Grand Guardian Mrs. Ada Lavender of Long Beach will make her official visit in this city March 10. At that time the bethel will meet at 7:15 o'clock in the temple, and exemplification of the work will take place.

Committees in charge of the meeting will include the Misses Betty Hartman, Natalie Eley, Beulah Cady, Esther Belle Christian, Josephine Butler, Eunice Flier, Eileen Gibbs and Adelaide Johnson. There will be special features in compliment to March birthday celebrants.

Many Flowers Brighten Home For Club Event

Decorating her home at 2145 Greenleaf street with bouquets of stocks, ranunculus, violets and yellow jonquils, Mrs. Charles Givens was hostess to her bridge club Tuesday afternoon. Mrs. John Cannon assisted in serving luncheon.

Members present included Mesdames John Cannon, Leon Dickey, Walter Hill, Stanley Reinhaus, Richard Couden, Charles Nussbaumer, George Parker, Don McDonald, George Paul Jr., Paul Witmer, Don Andrews, the hostess, Mrs. Givens, and a guest, Mrs. Walter Spicer.

Mothers' Club

Legion auxiliary Mothers' club met Monday in Veterans hall for an all day meeting with a covered dish dinner at noon. The business meeting was presided over by Mrs. Amy Stewart, president. Flag salute and prayer were led by Mrs. Hattie Stowe, chaplain.

It was announced that the annual luncheon of the Mothers' club honoring present and past commanders of Santa Ana Post 131, and past and present presidents of Legion auxiliary will be April 26 in Veterans hall. Mrs. Margaret Hill will be in charge of the kitchen, and will choose her committee at a later date. Mrs. Mabel F. Leach, who will make plans for the dining room, will be assisted by Mrs. Cora Adams, Mrs. Sarah Marvin and Mrs. Nannie Lester.

There will be a special all day meeting for quilting March 8 in the hall, with a covered dish dinner at noon. The next regular meeting will be March 22.

Luncheon was served at T-shaped tables decorated with red, white and blue streamers, flags, hatches, candles and napkins. Mrs. Hattie Stowe was in charge of the kitchen, assisted by Mesdames Erma Fraze, Anna Johnson and Margaret Hill. Arrangements in the dining room were made by Mrs. Mabel F. Leach, assisted by Mesdames Cora Adams, Nannie Lester and Grace Lepper.

Members present, Cora Adams, Lydia Robinson, Sarah Marvin, Maude Wallace, Edith Getty, Stannee Penn, Iona Sharp, Fannie Rose, Nannie Lester, Fannie Reeves, Susie Lamb, Elma McKay, Margaret Hill, Martha Elliott, Hattie Stowe, Mabel Leach, and several guests, Mesdames Erma Fraze, Anna Johnson, Grace Lepper and Fannie Armstrong, with Clay Minnix in charge of the hall.

DINNER PARTY

Journeying to Belmont Shore where they had dinner at the Belmont Fish Grotto, William H. Haddon and a little group of guests spent a pleasant evening Wednesday.

Mr. and Mrs. Lyman Farwell, Mr. and Mrs. Leonard G. Swales and Mrs. Sara Johnston Haddon completed the group with the host.

Applied Peacock Beautifier Of Laura Wheeler Pillow or Scarf

APPLIQUE PEACOCK

PATTERN 1417

Hall the Peacock!—proud combination of two simple patches, sewn down, and a bit of added stitching. You can just do it in embroidery without the applique. Adorn a pair of pillows, or a scarf, for the pattern includes two peacocks. The small motifs are attractive too. For these, Pattern 1417 contains a transfer pattern of two motifs 9 3/4 x 10 inches, two and two reverse motifs 2 1/4 x 3 1/2 inches; directions for doing applique; suggestions for uses of the motifs; material requirements; illustrations of all stitches used.

Send 10 cents in stamps or coin (coin preferred) for this pattern to Santa Ana Register Needlecraft department. Write plainly PATTERN NUMBER, your NAME and ADDRESS.

Bridge Club Enjoys Hospitality of Mrs. Douglass Ferry

Entertaining members of her bridge club last night, Mrs. Douglass Ferry made a special occasion of the party, which took place in her pretty new home, 1819 North Ross street. Mr. and Mrs. Ferry just recently took up residence in this city, coming here from Hollywood where they had lived since their marriage last year in the home of Mrs. Ferry's parents, Mr. and Mrs. George Wells.

The nature of the party was disclosed in all decorations, including bouquets of pink, blue and white stocks arranged throughout the rooms. It was revealed that new arrivals in 1937 will include an addition in the home of Mr. and Mrs. Ferry.

Tallies in pink, blue and white were distributed for card play at tables spread with covers in the same combination of colors. Mrs. John Taylor Jr., who scored high in bridge, was rewarded with a cut glass perfume flask.

Spread with white linens and appointed with crystal, tables presented an attractive appearance late in the evening when refreshments of pineapple sundae and cakes were served. White stork figures and pink and blue bassinet nut cups were included in decorations.

Present were Mrs. Kermit Maynard of San Diego and Mesdames Robert U. Smith, Jack Rimel; the Misses Norma Wilson, Lucille Howell, Erlene Farmer, Betty Howell and the hostess, Mrs. Ferry.

On their next meeting night, members will assemble in the Los Angeles home of Mrs. Palmer Stoddard, and from there form a theater party.

Announcements

Orange County W. C. T. U. executive meeting will be held next Tuesday at 10 a. m. in First Methodist church of Orange. Directors will give reports, and important business matters will be transacted. It was announced today, Mrs. Lola Dunham Grimm, county president, will be in charge.

D. A. R. will meet Monday at 2 p. m. in the home of Mrs. H. W. Guthrie, 824 North Olive street. Mrs. M. E. Geeting will give several readings, and Mrs. C. C. Bristol will sing a group of numbers, accompanied by Mrs. Malcolm Macurda.

Orange Avenue Christian church Missionary society will meet Thursday at 2 p. m. at the home of Mrs. J. C. Pistole, 615 Cypress avenue. There will be a special program.

Homesteads' lodge will hold a covered-dish dinner tomorrow night at 7 o'clock in Hoffman hall. Following the dinner will be a regular business meeting and program.

Church Societies

St. Elizabeth's Guild of Episcopal Church of Messiah will be in charge of a Lenten luncheon to be given Tuesday, March 16 in parish hall, according to plans made last night when the group met in the hall.

Mesdames Charles Swanner, Fred Anderson and Marshall Keeler will supervise the March event, it was announced.

Members spent last night working on rugs and quilt blocks for a missionary box. Hostesses were Mesdames Preston Turner and Arnold McKerley.

Tuesday's Lenten luncheon in the hall was attended by 50 members and guests. On the kitchen committee were Mrs. A. H. T. Taylor, Mrs. E. F. Mathews and Miss Minnie Besser. Serving was accomplished by Mrs. Fred Anderson, Mrs. John Lacy Taylor and Miss Susan Cloyes. Stocks and Chinese lilies were used in decorating.

To Pique Your Fancy

Violette Marsan depends on pique to pique the interest of smart Parisiennes in her spring creation of heavy black grosgrain. It is meant to be worn with a fur coat, hence the high crown; but the touch of white gives between-seasons air.

Section Speaker Gives Pointers on Pottery To Ebell Group

Miss Lucinda Griffith spoke on "Pottery" to members of Ebell current events section Tuesday at the luncheon meeting at the clubhouse. In her talk, Miss Griffith displayed samples of various types of pottery pieces, and mentioned the method of making pottery, glazing and firing. The program was under direction of the Orange County Forum Speaker's bureau.

Mesdames Nat Neff, George Osterman and Hubert Hall were hostesses for the luncheon at which the patriotic theme was carried out in George Washington colors. Prizes for bridge play were won by Mrs. Hugh Shields and Mrs. George Veeh, both receiving sets of Madeira tea napkins.

Members present included Miss Louise Tubbs and Mesdames John Backus, Harvey Bennett, C. E. Bressler, C. G. Cogan, H. A. Gardner, E. H. Guthrie, Walter Hiskey, S. B. Kaufman, John Ketter, Herbert Kralhing, Hazel Maag, William Maag, E. L. McKamy, John P. McKenzie, Frank Sawyer, R. H. Prothero, Hugh Shields, Harvey Spears, Ernest Stump, George Veeh, the three hostesses and their guest, Miss Griffith.

You and Your Friends

Mr. and Mrs. Frank Thomson, who have been living in Morrison Court on West Fifth street since their marriage early in the season, are moving this week to 1017 East Chestnut street.

Mrs. M. B. Wellington, Mrs. Harvey Smith and Mrs. Robert Northcross were in Pasadena last night attending the performance of "Emma" at the Community Playhouse.

Junior Ebell Plans Guest Night Event

Securing Plantation Singers to present their March program next Tuesday evening, members of Junior Ebell society today extended an invitation to their husbands as well as to general Ebell society members and their husbands, to attend the affair.

The program will be given 7:30 o'clock in the clubhouse peacock room, and will serve as an annual courtesy to the group of guests asked to share the event. Mrs. Crawford Nalle, president, who will conduct the meeting, today asked members of Junior Ebell to be ready to select a nominating committee Tuesday evening. Three members of the committee will be named from the floor, with the other two to be appointed by the president.

Plans for the March meeting were completed last night when board members held a monthly session in the clubhouse. Mrs. John Swarthout was voted a new member of Junior Ebell.

Tuesday evening's meeting will come as the final one in advance of the society's annual fashion show and bridge party, which will be staged Saturday afternoon, March 20 at 2 p. m. in the clubhouse. Mrs. George Walker is general chairman of the affair.

Initiation Occurs At D. U. V. Meeting

Mrs. Anna M. Lane of Laguna Beach was initiated as a new member of Sarah A. Rounds tent D. U. V. Tuesday in M. W. A. hall.

There will be a meeting for all tents March 13 at the D. U. V. Memorial Home in Sawtelle, and all presidents and past presidents from each tent are urged to attend, it was announced.

It was reported that seven flags had been sent to the Valencia ballroom for the annual Military Ball. Five of the flags were California State, there was one each of Army and Navy banners.

Sons and daughters of Union Veterans will have a covered dish dinner tomorrow night at 6:30 o'clock in M. W. A. hall.

W. C. T. U. Presides At Penny Party

Joining a nation-wide program of money-raising for the world's W. C. T. U. convention to be held in Washington, D. C. this year, members of Santa Ana W. C. T. U. held a "penny party" Tuesday evening in First Presbyterian church.

Mrs. Adeline Hershiser was in charge of the program, which opened with a violin solo by Miss June Brislone, accompanied by Mrs. J. C. Hamill, R. R. Lutes gave a talk on "Marijuana" and Dr. S. J. Francis discussed "Modern Medicine Bans the Use of Medicinal Alcohol."

Mrs. Nan Judd, vice president, presided over the meeting. Closing the affair was a social hour during which cookies and fruit punch were served by Miss Louise Brokaw, Mrs. J. H. Nicholson and Mrs. Therman Means.

NEW BABY WELCOMED

Mr. and Mrs. Harry Appling of Everett, Wash. are the parents of a baby daughter, Jessie May, born February 11 in the northern city. The baby was named for Mr. Appling's mother, Mrs. Albert A. Appling, 2438 North Park boulevard, and for his aunt, Mrs. May Akers, 1366 South Parton street.

The younger Mr. and Mrs. Appling made a visit here a year ago just after their marriage in Everett where Mr. Appling is manager of the Montgomery Ward store.

You'll revel in slimming models, exult in gay sports togs, and thrill to the simplicity of the easiest patterns ever! BOOK FIFTEEN CENTS. PATTERN FIFTEEN CENTS. TWENTY-FIVE CENTS FOR BOTH WHEN ORDERED TOGETHER.

Home Charming 4324

The Mixing Bowl

By ANN MEREDITH

The next time you plan to make bread, try this recipe for making whole wheat bread. The recipe uses a whole wheat meal, not the commercial whole wheat flour you are accustomed to, but the whole wheat berry, ground to a meal such as would be used for making mush. You can buy this whole wheat meal in many stores, and in all "health food" stores.

Make up your white bread as usual; when the sponge is light, take 3 cupsful and whip with a quarter-cup of oil or melted butter, 3 tablespoons molasses and a few chopped nut meats.

Put five cups of the meal in a bowl and mix it with two cups boiling water, stirring quickly to eliminate lumps. When cool enough, make a hole in center, drop in the sponge and work it with spoon and knife until well mixed. A little more white flour may be needed to make it stiff enough to turn onto the board for its one and only kneading. Shape into loaves, brush them with melted fat, and bake when well risen and light.

The calory list tells you exactly how much flour of all kinds are worth in terms of calories, as well as the values contained in single slices of bread. The list is free if you will enclose a stamped, self-addressed envelope and contribute one of your favorite recipes or a good household hint, for publication on the Wednesday contributors' day columns.

TODAY'S RECIPES

Panache
2 cups sugar, 1 brown and 1 white
1 cup milk
3 tbsps butter
Tiny pinch of soda
Vanilla to flavor
Walnut halves
Mix milk and sugar, off the fire, until the sugar has melted. Bring to a simmering boil over a medium fire, and stir constantly, for milk curds have the habit of settling to bottom and burning. When the soft ball stage has been reached, add the pinch of soda, take pan off fire and beat with the butter until creamy and thick. Spread in a shallow pan, press walnut halves into candy and cool before cutting.

FLAPPER FANNY

By Sylvia

"Cheer up, baby. If you were well, you wouldn't get all this sympathy." "No, nor any castor oil, either."

B. P. W. Dinner Plans To Include Junior Business Girls

Since March has been designated under the national program plan of Business and Professional Women, as public relations month, Santa Ana Business and Professional Women's club will follow this program with the public relations committee in charge.

Miss Martha Whitson, Miss Ethel Coffman, Mrs. John A. Tessmann and Mrs. Mabel Seeds Spizy form this committee, and next Monday night at the month's first dinner meeting, will present the program in the Doris Kathryn. They have secured as speaker, Anne L. Linder, first vice-president in the state federation B. P. W. and connected with the science and industry department of Los Angeles Public Library.

Clubwomen are extending guest courtesies for the evening to Wrycende Maedgen, the young business women's club of Y. W. C. A. Dinner reservations must be made by Saturday morning with Miss Helen Gallagher, 2622.

Church Societies

Orange Avenue Christian
Orange Avenue Christian church missionary society met yesterday at the church for a special program. Mrs. C. E. Price, Mrs. Walter S. Buchanan and Mrs. Grace Hartfield gave short talks, and an address was given by Rev. David M. Sayers, pastor of the church.

The next regular meeting of the society was announced for March 4 at 2 p. m. in the home of Mrs. J. C. Pistole, 615 Cypress avenue. There will be a special program.

First Baptist
First Baptist J. O. C. class members were entertained Tuesday night in the home of Mrs. Charles Nalle, 814 South Birch street. Co-hostesses with Mrs. Nalle were Mesdames Frank Miller, Denver Doll, Cora Morrison and Ruth Hurlbut.

Other events of the evening were preceded by the serving of angel food cake with fruit and ice cream centered with hatched. Patriotic motif was observed in table decorations.

Guests were Mesdames Bertha Harrison, William Lowe, E. A. Bell, E. A. Davidson, Earl Morris, Jessie White, E. McBurney, M. M. Holmes, W. Lockett, Eugene Severance, May Brown, Jennie Crawford, the Misses Stella Macomber, Edith Watkins, Gertrude Minor, Effie White, Nell Clingan, Jennie Gregg, Mable Cole and Lula Minter, members; with a guest, Mrs. Elsie Weeks of Detroit Lakes, Minn., who is visiting with Mrs. Holmes.

World Wide Guild
Irene Harnish chapter members of First Baptist World Wide Guild were entertained at this week's meeting by Mrs. Clara Tolliferno, 707 Spurgeon street. This was especially interesting because Mrs. Tolliferno's daughter, the late Mrs. Fred Chambers, was one for whom the chapter was named, and during her lifetime prior to going to India, was prominent in young people's work in First Baptist church.

White Cross work was accomplished by the young girls, who cut and stitched blocks for baby quilts while Doris Luke read a paper on customs of Central African tribes, following the year's study theme. Mrs. Tolliferno displayed many pictures and quaint curios sent from the mission field at Jorhat, Assam, India, and explained them in an interesting talk. Her announcement that Fred Chambers, who is remaining at that field, was to send a gift from Assam for the decoration of the Guild hall, met with much enthusiasm.

Refreshments suggesting Washington's Birthday were served by Mrs. Tolliferno. Singing of "Follow the Glean" and other Guild songs

Auditorium Need Cited At Meeting

Lathrop Junior High school's pressing need of an auditorium was expressed by Mrs. Fred Triplett, past president of the P. T. A., during a talk which she gave Tuesday afternoon at a meeting of Lathrop association in the school.

Pointing out that the school is a complete unit in every other way, Mrs. Triplett stated that suitable meeting place for programs and general assemblies should be provided junior high school students who live in the south part of the city. She referred to the present makeshift auditorium as inadequate to the needs of the school and the community.

Mrs. Triplett's talk came as a feature of a Founders' day meeting which Lathrop P. T. A. had planned as an annual program. Honors were accorded past presidents including Mrs. Triplett, Mrs. Guy Belcher and Mrs. Dale Griggs, and Mrs. Mary B. Robertson, who served as president of informal school association before the institution of the two junior high schools which took its place.

Main speaker of the day was Mrs. Harry Drown, president of fourth district P. T. A., who talked on "Accomplishments of P. T. A." History and purpose of the organization were related in interesting manner.

Nominating Committee
Mrs. Rufus Bond, president, opened the meeting, during which new by-laws were read by Mrs. Leonard Musick. Named on the nominating committee were Mesdames Harold Wahlberg, R. E. Steinberger, Roland Flaherty and F. B. Power. P. T. A. mothersingers, directed by Lorene Croddy Graves, sang "In the Heart of the Hills" and "Prayer Perfect."

Founders of P. T. A. were honored during a ceremony opened by Mrs. Harry Drown. Candles representing the home, school, church and community were lighted in turn by the Misses Betty Jane Lord, Nancy Steinberger, Eugene Bond and Irma Jean May. National P. T. A. congress, state, district and local associations were represented by the lighting of other candles, with Mesdames Dale Griggs, Guy Belcher, Mary B. Robertson and Fred Triplett taking part in the ceremony.

Refreshments were served by Mesdames Arthur May and V. T. Milton Danielson and Patricia Flaherty. Jury members are William Hart, Dorothy Ladd, Bud Dale, Eleonore Shepenson, Betty Shidder, Billy McPhee, and Miss Thrasher, foreman of the jury.

CORN GROWS IN WALLS
BOTLEY, Eng. (UP)—Hundreds of ears of corn are growing from the living-room walls of a bungalow owned by Luciana Luxton, a retired farmer. Builders are mystified and are unable to stop the growth.

ended an enjoyable evening for the Misses Barbara Brown, Sally Clark, Margaret Lockett, Adele Reed, Elva Shoemaker, Lorraine Van Horn, Doris Luke and the leaders, Miss Claudine Minter and Mrs. C. A. Harp.

Julia Lathrop

Lathrop opera, which was postponed several weeks ago, will be given February 26 at 8 p. m. in high school auditorium. Chorus work, Miss Cornell reports, is going to be very good this year. Ruth Wallace, one of the principals, has moved to Hermosa Beach, but will return to take her part in the musical. Lathrop students are working hard to win the two pound box of candy offered by Miss Cornell to the student selling the highest number of tickets above ten.

Assembly Program
At a Washington's birthday assembly on Monday, Lathrop students enjoyed a program presented by Miss Kline's High 8 A class. After Paul Cleary, Student Body President, had opened the meeting, Milton Danielson gave a talk on George Washington, and led the students in a flag salute. Rodney Bledsoe sang "Mother of Mine," and Phyllis Brockbeek gave a piano number, "The Robin's Return."

Then came a radio interview with George Washington. Sound equipment gave the skit the atmosphere of a real radio interview. Students who interviewed the "first president" (part taken by Ferris Scott), were Walter McFarlane, Jack Atwood, Ruth Anderson and Rebecca McProud. Jack Gotsback took the part of the radio announcer. Mr. Nelson, Lathrop's principal, told the students something of the history of Stuart's portrait of Washington which was displayed on the stage, and the meeting was adjourned.

Safety Committee
Reorganization of safety committees has been effected by Ferris Scott at Lathrop. New captains are John Pollard, Ralph Gorton, Beverly Eckles and Ruth Hawley, Robert Wahlberg and Dorothy Farrell. Sergeants are Richard Watson, Clifford Whitford, James Blackwell, Marie Senn, Florence Griset, and Irma Jean May.

Interest in Sewing
Girls in Miss Henrietta Foster's eighth grade clothing class are making underclothing. Materials, trimming, the making of flat seams are all considered in this work. Officers elected for this class are: Peggy Lou Hoffman, Nannette Hubbard, Phyllis Brockbeek, Margaret Hawk, Lavonia Craig and Barbara Jones.

Court Reorganized
A complete reorganization of the Lathrop Student Body court has been made under supervision of Miss Lela Thrasher. Judges are Milton Danielson and Patricia Flaherty. Jury members are William Hart, Dorothy Ladd, Bud Dale, Eleonore Shepenson, Betty Shidder, Billy McPhee, and Miss Thrasher, foreman of the jury.

Varied Activities
Miss Hazel Thrasher's Travel club heard an interesting talk recently by Robert Minix, on Captain Hartley's experience on the "Commodore."

Eighth Grade Girl Reserves with Mrs. Christine sponsor, held their latest meeting at Patricia Sharpley's home. A talk on the care of skin and hair given by Mrs. Genini was enjoyed by the girls.

At the latest meeting of Lathrop's Stamp club, stamps were traded and officers were elected. They are president, Sam Campbell, vice president, Margaret Thompson; secretary, Beulah Jean Squires; treasurer, Arthur Kelly; sergeant-at-arms, Holly Jones. Other members of the club are Paul Butler, Bruce Caruahan, Jim Stephen, and Eileen Rohan.

The Social Games club, with Miss Iva Carl as sponsor, has elected the following officers: President, Nannette Hubbard; vice president, Eugenia Bond; secretary, Doris Rider. Other members of the club are: Pauline Bishop, Rebecca McProud, Bonnie Struthers, Phyllis Wetherall, Evelyn Williams, and Archelene Winters.

New officers of Biology club are Davis Martin, president; Cecilia Ramirez, vice president; Jeanette Brown, secretary; David Geddes, treasurer; Maurice Hollowell, sergeant-at-arms; Amy Nichols, reporter; Gene Russick, historian.

The March Lineup will have Mrs. Francis Beeson and Mrs. Marguerite Hill as faculty advisers. Editors are Lois Ernst and Ralph Gorton. Reporters and special editors will be Irma Jean May, Donald Hart, Theodora Pappas, Bernice Stigers, Donovan Rowe, Phyllis Wetherall, John Pollard, Helen Hawk, Warner Spurrier, Maxine Ezelle and Abel Castro.

Letters Won
At last week's noon games, Miss Kline's class won first place with seven games and six inch letters; Mr. Orr's class second place and four inch letters. Miss Cornell's class won first place in the C's with six inch letters. In the D's, Miss Lela Thrasher's class won first place with seven games and five inch letters; Mrs. Wolff's class won second place and four inch letters. The E's first place was won by Miss Nicholson's class with five games and four inch letters. Miss Higgins' class won first place in the F's with six games and four inch letters, while Miss Hart's won second place with three inch letters.

Literary Club
Junior Literary club welcomed Betty Shidder as a new member at its meeting. Initiation book reviews were given by Homer Chaney Jr., who told of "King Richard's Land" by Strong; Paul Witter, "Head Wind" by Daniels; Margaret Hawk, "Blue Mountain" by Lowe; Charles Chambers, "Captains Courageous" by Kipling; Beverly Eckles, "Five in Ashville" by Gavon; Lela Slaback, "The haunted Bookshop" by Morely; Joan Grubb, "Beautiful Jo" by Sanders; Betty Hiltbush, "Waldiki and Co." by Elliott; and Jane Dale, "Less Roundtree" by Colledge. A committee was appointed to arrange for a program meeting soon. Serving are Dick Vance, Helen Westeen, Glenna Jean Titchelton, and Homer Chaney Junior.

Franklin P. T. A. Has Sewing Meeting

Franklin P. T. A. met yesterday at the home of Mrs. James Hill, 1402 West Third street for an all day meeting. The time was spent in sewing and mending articles for needy children of the school. There was a covered dish luncheon at noon, with teachers as guests.

Change Date For Presenting Play

WESTMINSTER, Feb. 25.—The date of the presentation of the comedy farce "Aunt Emma Sees It Through," which the Young Matrons' club is to present as a benefit affair, has been changed from the original date of Friday, February 26, to Friday, March 5.

The returns from the play go into the club treasury for the usual community benefit features which the club carries on each year.

Willard Association Has Observance of Founders' Day

Preceded by a short meeting of the executive board, an interesting observance of Founders' day was held by Frances Willard P. T. A. Tuesday afternoon in the school. The board meeting, held in the office of the principal, Lyle Mitchell, was devoted to outlining plans for March and April meetings of the association.

Program features followed in the library where visiting past presidents of the association were Mrs. F. H. Heine, Mrs. Hugh Houghman and Mrs. E. H. Elsner. Opening the entertainment were numbers by the Treble Clef club of Junior college, directed by Miss Myrtle Martin. Their enjoyable songs were "Thou Art the Night Wind" (Harvey Gaul) and "Shadow March" (Protheroe) with an encore number, "Toyland," by Victor Herbert.

Mary Batten Steffenson (Mrs. Leslie Steffenson) directed the clever Founders' day play whose characters were portrayed by Mesdames Clifford Cole, Paul Ragan and Frank Andrews. Mrs. R. W. Marvin's talk on "Realizing the Hopes of Our Founders" followed this, and some of these realizations were cited as establishment of the county library, student loan funds, etc. Among points stressed in her talk was that the hope of the future comes from the home; that everyone should "learn to live and live to learn," and that children should be taught the value of service.

Mrs. R. L. Hedley explained the use and purpose of the annual Founders' day gift, which is applied to the student loan fund. Her was the final contribution to the program, and the tea hour followed. It was stated in the cafeteria where a lace-spread table was lighted by blue candles in pretty candelabra. Calendars were placed flat on the lace to encircle the table and also around the big cake whose gold icing was brightened by blue tapers.

Mrs. Alan A. Revell as social chairman, was assisted by Mesdames C. W. Englestone, W. H. Finley, L. D. Coffing, S. E. Paul, G. H. Boardman, H. A. Baldwin and R. S. Adkinson.

Dinner to Precede High School P. T. A. Program

Santa Ana High school P. T. A.'s meeting Tuesday evening at 7:30 o'clock in the Y hut will be preceded by a covered-dish dinner at which mothers of junior students will be complimented in the school cafeteria by blue tapers.

Invitations have been issued to the group, members of which are asked to make their reservations for dinner with Mrs. E. H. Elsner, telephone 48623; Mrs. Hugh Houghman, 1546 or the high school office, 305 by Tuesday morning. The affair will be open to all other members of the association. Covered-dish dinner will be served.

Lynn Crawford is directing the program, arrangements for which are in charge of Robert Farrar and Miss Mary Bruner, members of the faculty. "Boy and Girl Relationships" will be the theme of the evening.

Founders' Day Program To Be Held Tomorrow

One hundred members and guests of Parent-Teacher associations of the city are expected to join in an annual Founders' Day observance which Santa Ana Council P. T. A. will stage tomorrow afternoon as a climax to ceremonies which have been held by the various P. T. A. units of the city during the past few weeks.

First Christian educational building will be the scene of the luncheon at 12:30 o'clock. Mrs. Harry Becker, Founders' Day chairman, is in charge of the affair. On her committee are Mrs. James Givens, Santa Ana Council P. T. A. vice-president; Mrs. Harold Greenwald and Mrs. R. A. Weisberger. Mrs. Givens, who is finishing out Mrs. John P. Mills' term as president of the association, will preside over the meeting. One of the opening features will be the candle-lighting ceremony, with Mrs. Roy Beall, past president, in charge.

Rolland Upton, district superintendent of Buena Park schools, will be speaker of the afternoon. The program will include a dramatization of P. T. A. history, with representatives of each unit in the city taking part. P. T. A. Mothersingers, directed by Lorene Croddy Graves, will sing, and there will be other musical numbers. Presidents of the various Parent-Teacher associations of the city and past presidents of Santa Ana Council P. T. A. will be honored guests of the day. Mrs. Harry Drown, president of Fourth District P. T. A., will be present.

New Hoover Officers Will Be Elected

Hoover P. T. A. executive board will meet March 4 at 1:45 at the school for election of officers. There will be a general meeting of the association at 2:30 with Miss Eloise A. Hafford speaking on "The Home Develops Social Responsibility." Miss Hafford is director of public education in the Ruth Home, Pasadena, and recently returned from a conference in Washington and another on the Pacific coast. Fourth grade pupils under direction of Mrs. Frances B. Hart, will give a demonstration. Tea will be served in the library, and all interested are invited to attend. Members are asked to bring clothing for donations for the home.

P. T. A. Council Holds Election Tuesday

Santa Ana Council P. T. A. will elect officers Tuesday morning at a monthly meeting scheduled for 9:30 o'clock in Spurgeon school auditorium.

Mrs. James Givens, vice president, will conduct the meeting. First in the order of business will be voting on new by-laws, it was announced today. Following election, the time will be given to making plans for installation of officers.

JUDGE ORDERS SHERIFF PLACE LIGHTS IN ROOM

Under direct and positive orders from Superior Judge James L. Allen today, Sheriff Logan Jackson went into the building construction business, a business familiar to him, since he once was an expert plasterer.

The lights in the courtroom, in Department 2, being insufficient for the purpose of transacting business in said court, and by reason of Section 144 of the Code of Civil Procedure, it is ordered that Logan Jackson, sheriff of Orange county, install at once, proper lights necessary for the transaction of business in said superior court," read the court order, one of the strangest orders ever handed down to a sheriff, according to Sheriff Jackson.

Section 144 of the Code of Civil Procedure, an old law, makes it mandatory upon the sheriff of the county to provide "suitable rooms" for holding superior court sessions.

Sheriff Jackson immediately went into action, calling an electrician into the court to make the repair. It is understood Judge Allen has been dissatisfied with the Department 2 lighting system for some time.

WORD OF DEATH OF SANTA ANA HEARD

Word was received here today of the death and burial in Longmont, Colo., of Mrs. Amanda Sheeley, a pioneer resident of Santa Ana. Mrs. Sheeley had lived at 819 North Birch street for many years until her removal to Colorado several years ago. Since leaving Santa Ana she had made her home with a daughter, Mrs. Perry Gortner in the Colorado city.

In addition to the daughter with whom she was living, she is survived by another daughter, Mrs. Arthur Beneke of Santa Ana.

KANSAS RATIFIES CHILD LABOR LAW

TOPEKA, Kan., Feb. 25.—(UP)—Kansas today became the 25th state to ratify the child labor amendment to the federal constitution.

Legislative action on the resolution was completed when the house formally voted 64 to 52 to ratify the amendment. The resolution received one more vote than the required constitutional majority.

NO END TO THE GLY-CAS PRAISE IN SANTA ANA

Mrs. M. E. Baxter Adds Her Name to the Thousands Throughout This Section Who Claim "Gly-Cas Is Without an Equal"; Entire System Toned, Dizzy Spells, Headaches Eliminated.

And still they come—statements after statement from well known and respected men and women not only of Eureka but throughout this entire section. Read what Mrs. M. E. Baxter, Carlsbad, California (near Eureka) a highly

MRS. M. E. BAXTER

respected lady, said recently in a statement reaching the McCoy Drug Co., 108 West Fourth Street, this city:

"I had taken much medicine in my life but never one that could be compared with this new Gly-Cas," continued Mrs. Baxter. "My health in general was in a dreadfully run-down condition and I was having such awful dizzy spells at times I could hardly stand alone. I suffered with sick headaches too almost continually. My kidneys were disordered and caused me to get up so frequently at night that my rest and sleep was badly disturbed. I was seldom without awful back pains and it seemed that regardless of what I tried I could find nothing to help me in the least. But finally friends persuaded me to give Gly-Cas a trial and I put it to a REAL TEST in my case."

"Never have I seen such a medicine do its work as well as this new Gly-Cas," continued Mrs. Baxter. "After all else failed I got the results I wanted in a very short time from Gly-Cas' use. Those dreadful impurities were removed from my system in a most natural manner, kidneys soon began to function properly and I was relieved of those awful dizzy spells and sick headaches. No sufferer need hesitate in trying this new Gly-Cas today. It has proven its outstanding merit by conquering my stubborn case."

Gly-Cas is sold by McCoy Drug Co., 108 West Fourth St., Santa Ana, and by leading druggists in surrounding towns.

PENNY DRIVE NETS \$72 FOR COLLEGE GROUP

Preliminary check-up of the Penny Drive at Santa Ana Junior college revealed a total of \$72.70 had been donated by students.

Phi Theta Kappa, scholastic honor society, sponsored the drive under the direction of John Ramirez, president of the chapter.

Three prizes were awarded the classes contributing various sums of money. One of Calvin C. Flint's history classes won the five pound box of candy for the largest sum contributed, which was the first award. Members of the class contributed \$43.33 to win.

The second prize of a three-pound box of candy went to one Miss Lella B. Watson's German classes for contributing the most for a class of under 25 members.

George B. Holmes' accounting class received the third prize of a three-pound box of candy for the largest contributions per capita.

Outstanding contributions from clubs and organizations were \$10 donated by Beta Gamma, extra-curricular society; and El Don, college weekly, with \$5. Service clubs which contributed were the Spinners, Las Meninas, Buccaneers, Los Gauchos, and Piloteers.

OXY AND SAN DIEGO COLLIDE FOR TITLE

San Diego State college's basketball team, leading the Southern California conference with seven victories and one loss, meets Occidental Friday and Saturday nights at San Diego in contests which should result in giving the Aztecs the 1937 conference championship. The Southerners are strong favorites to win both games.

Basketball fans of the conference have been doping possible upsets which might throw the standings of the conference colleges into a jumble. Things which might happen are:

1. San Diego State defeat Occidental in two games and win the title with nine victories and one defeat. This is most apt to happen.

2. If Occidental splits this two-game series with San Diego State, while Whittier defeats Redlands, the Poets and San Diego can tie for the title with eight victories and two defeats.

3. If Redlands defeats Whittier and La Verne and Occidental and San Diego split the series, the Aztecs may still win the title with eight victories and two losses while Whittier and Redlands tie for second place with seven victories and three losses.

Statistics:

4. If Occidental beats San Diego twice while Redlands beats Whittier and La Verne, there will be a four-way tie between the above mentioned teams each having seven wins and three losses.

With the warrants, which were issued by the state to range county during the period from April 20 to July 15, 1936, because of the state's inability to pay cash, the county will collect 4 per cent interest, amounting to \$1198.13.

The warrants chiefly represented money owed the county for state aid to the blind, orphans, and similar charity funds, Stephenson said.

There are very few state warrants left in the county's hands with today's batch liquidated, the treasurer stated.

The county, said Stephenson, is glad to get the state warrants, because they pay a higher interest rate than can be collected from banks for county deposits.

JUDGE DAWSON WILL SPEAK HERE SOON

Judge Leroy Dawson, of the Los Angeles Municipal court, well-known and popular Southern California orator, will be the speaker at the annual inter-fraternity night program of the Santa Ana Elks Tuesday, March 9, it was announced today by George E. Bradley, program chairman.

On previous appearances in Santa Ana, Judge Dawson has won a following that will await his approaching visit with interest. Invitations have been given to all fraternal, patriotic and service organizations to attend the affair, which will start at 8 p. m.

Any member of such an organization is asked to attend, Bradley said.

In addition to the address by Judge Dawson, the program will include vaudeville, and will be followed with refreshments, it was stated.

DETROIT, Feb. 25.—(UP)—Richard T. Frankenstein, organizational director of the United Automobile Workers of America, announced today that Chrysler officials had formally agreed to meet with union representatives next Wednesday to discuss demands for nationwide collective bargaining.

THIS CURIOUS WORLD By William Ferguson

THE BULB OF THE CALIFORNIA SOAP-ROOT CAN BE USED AS A CAKE OF SOAP! EARLY-DAY INDIANS USED IT IN SHAMPOOING THEIR HAIR.

THE SEX OF BULLFROGS CAN BE DETERMINED BY THEIR EARS! THE MALES' EARS ARE LARGER.

OLD-TIME MAP MAKERS ADORNED THEIR MAPS WITH SKETCHES OF ELEPHANTS AND WHALES, IN ORDER TO FILL UP LARGE, BLANK SPACES OF UNKNOWN AREAS.

THE soap root, a plant of the lily family, not only furnished the Indians with soap, but food as well. When cooked, it tasted much like potatoes. The Indians also caught fish with it. Mashed soap root thrown into a pool stupefied the fish and they floated to the surface.

NEXT: Do young jiggers pester human beings?

LOS ANGELES, Feb. 25.—(UP)—Members of the state horse racing board checked over files and documents today to determine if any were stolen during the past week-end when a burglar entered the office and ransacked the records.

Racing board Secretary W. C. Buchanan said it would be difficult to determine if anything is missing because of the volume of material kept in the office.

It was believed the burglar used a key to enter the front of the office, located on the third floor of the Chamber of Commerce building. A secretary's desk was pried open to get keys to open filing cabinets.

No fingerprints were found, indicating the burglar used gloves. The intrusion was not discovered until Tuesday when the office was opened after the holiday.

New League To Defend Supreme Court

SACRAMENTO, Feb. 25.—(UP)—The League for Supreme Court Independence, Inc., announcing its purpose to defend the nation's highest tribunal from attacks on its integrity, today had incorporated papers on file with the secretary of state here.

Directors of the organization, which will have headquarters in San Francisco, include David P. Barrows, former president of the University of California; Former Congressman Ralph R. Eltze, Lee Breckenridge, Thomas and Guy Montgomery, all of Berkeley, and Charles H. Spinks, Los Altos.

Paxton announced plans for meeting of the industrial committee of the Santa Ana Chamber of Commerce, has called members of his group to a meeting at 4 p. m. tomorrow for the purpose of formulating the group's policy.

Paxton indicated today that a study of natural resources, principal among these being clay used in pottery making, will be one of the major objectives of the group.

Plans for immediate extension of water and drainage facilities to the industrial area, southwest of the city, also will be discussed and a committee probably will be named for the purpose of securing this objective.

Paxton also indicated that his committee probably will make a survey of electric light and power rates to ascertain whether or not these rates are in line with rates quoted by other cities competing with this area for industrial recognition.

PAXTON ANNOUNCES PLANS FOR MEETING

Hale Paxton, chairman of the industrial committee of the Santa Ana Chamber of Commerce, has called members of his group to a meeting at 4 p. m. tomorrow for the purpose of formulating the group's policy.

Paxton indicated today that a study of natural resources, principal among these being clay used in pottery making, will be one of the major objectives of the group.

Plans for immediate extension of water and drainage facilities to the industrial area, southwest of the city, also will be discussed and a committee probably will be named for the purpose of securing this objective.

Paxton also indicated that his committee probably will make a survey of electric light and power rates to ascertain whether or not these rates are in line with rates quoted by other cities competing with this area for industrial recognition.

SIDE GLANCES By George Clark

"The domestic science teachers in this school make me laugh. You notice they always come down here to the cafeteria when they want to eat."

H. S. STUDENTS WILL OCCUPY NEW QUARTERS

Block B, of the new Santa Ana High school group, a two-story, \$95,000 structure housing the home economics, music, social science and English departments, will be completed and ready for occupancy by next Monday, barring weather delays, it was announced today.

Already prolonged by strikes and other unavoidable delays, construction on Block B now is virtually complete, it is said.

Next Monday, according to present plans, five more tents and the Y hut on the high school campus, which have been serving as emergency class-rooms, will be vacated. Some of the tents probably will be moved to various elementary schools to serve as dining rooms, it was said.

Two clothing rooms, one sewing class and other classes, will occupy the lower floor, which also will include a model living room and dining room, according to Miss Myrtle Frece, home economics instructor.

The upper floor will be occupied by music, social science and English departments.

Block B will be connected with the auditorium building from the western end of the main hall, on both floors.

TOWNSEND CLUBS

Club No. 11 will meet in Franklin school, 1512 West Fourth street, 7:30 Friday evening. The business session will be preceded by musical entertainment given by Davenport Brothers, Merle and Willis.

About 600 different languages are spoken on the European continent.

SOLITUDE By GLUYAS WILLIAMS

IS SENT TO HIS ROOM TO THINK OVER HIS SOLITUDE A CERTAIN BREACH OF DISCIPLINE

COMES OUT AGAIN ALMOST AT ONCE TO ASK MAY HE LEAVE THE DOOR OPEN

SHUTS DOOR VERY, VERY SLOWLY

COMES OUT OF ROOM IN A FEW MOMENTS TO ASK DID MOTHER CALL?

STARTS IN ON LONG EXPLANATION OF HOW HE WAS SURE SHE CALLED MAYBE IT WAS SOMEONE OUT-OF-DOORS

IS SENT BACK INTO ROOM, POPPING HIS HEAD OUT IN A MINUTE TO ASK ISN'T TIME UP YET?

A MOMENT LATER RUSHES OUT CALLING HE ALMOST FORGOT, EDDIE SELZER HAS THE MEASLES!

350 TAKE PART IN METHODIST ASSEMBLY HERE

Methodist church before more than 350 persons attending the local College Night series. It was the largest group yet to attend one of the meetings.

A large number of subjects were discussed following the assembly address by Dr. Knopf. "The college students are finding that the principles laid down in the field of religion and ethics are as universal and demonstrable as the principles in the field of science," Dr. Knopf declared.

The session last night was the sixth of the series of College Nights, and two more similar conclaves will be held at the local church. The next will be Wednesday evening, March 3, when Dr. Arthur Cassidy, of Carroll Christian College, will be the assembly speaker. Names of the leaders for the discussions that will follow this talk, will be announced next week.

"There is a decided renewed wave of interest in Bible study among all college students, and they are learning that they can study the Bible without denominational bias."

This was one of the statements of Dr. Carl Knopf, dean of the school of religion at the University of Southern California, when he spoke last night in the First

HER NAME IN LIGHTS

By MARIE BLIZARD

© 1937, NEA Service, Inc.

BEGIN HERE TODAY

DAPHNE BRETT, good-looking, successful young New York advertising executive, decides to rent the beautiful Connecticut estate her father left her when he was killed in a flying accident. She needs the money after five years of providing for the education of her younger sister, JENNIFER, who has just finished college.

Daphne spends a day housecleaning at the estate preparatory to moving in. She is almost forced into renting to an undesirable family when an attractive young man she has never seen before hops over the garden wall, asks for a bit of lunch, and then comes to her rescue, offering to rent it himself.

NOW GO ON WITH THE STORY CHAPTER II

DAPHNE BRETT saw twelve hundred dollars float out her window and was relieved. Not but what she would feel very differently when the Snyders departed and she was once more faced with the inescapable truth that she needed it badly.

For the time, she permitted herself the luxury of that relief and was glad the shadows of late afternoon filled the drawing-room when she introduced "Mr. Van Dusen"—the name had been the first to spring to her mind—to the Snyders. He might not have appeared in a brighter light so perfectly turned out in the riding clothes he wore with careless grace.

"A hundred and fifty a month!" Mrs. Snyder fluffed the lace of her jabot. "Well, I'm sure I don't blame you, Miss Brett."

Daphne's unexpected visitor, looking up from his tea-cup, glanced at Daphne and addressed himself with surprise-tinged tones. "Look here, now stupid of me! You're the people who wanted the place before I saw it?"

"Oh, no," Daphne said quickly. "That was . . . er . . . someone else who wanted to buy. Mr. and Mrs. Snyder wanted to rent for a year but I . . . I told them I had promised to give you time to make up your mind."

There was no mistaking the appeal in her face, or the meaning of her words. The dark eyes and the bright blue eyes traveled at the same moment to the youngest Snyder and her fruitless effort to prevent a dab of sandwich filling from slipping down her pinafore with awful certainty to the handsome brocade of the sofa.

That settled it. Blue eyes addressed himself to Mrs. Snyder with the charm of a diplomatic attaché. "If I were not so selfish, I should make the now-impossible gesture of turning the place over to a lady who would lend it greater grace."

MRS. SNYDER adjusted her laces and her smile. "Did you hear that, Henry?" she asked her husband and returned to more flattering attention. "Tell me," she said, "are you by any chance related to the South Orange Van Dusens?"

Looking exceedingly regretful, he said that he wasn't. "We're Virginians," he said. "This is my first introduction to Connecticut and I mean to make the most of it."

"I'm sure you will," she said graciously. "Come along, Henry, we've got to be getting back. Anyway, we've enjoyed the visit, Miss Brett, and I'm pleased to have met

you, Mr. Van Dusen. Shall I tell the South Orange . . . that is, my friends, who you are?"

"By all means," he replied with a quick and dazzling smile. "I'm Derek Van Dusen."

Daphne walked to the road where the Snyders had left their car, saw them off with a mutual exchange of goodbys and hoped that Prunella was, by now, in the drawing-room where the combination of her mother's finest silver and the presence of an unknown young man did not make for a feeling of security.

A man who would ask for a handout at the back door, turn up in strange circumstances four hours later and slip with such suspicious ease into the role of a diplomatic attaché, had all the earmarks of being a dangerous character. Why was he hanging around her house all day? He didn't look like a tramp certainly with his fine clothes and manners but after all, the depression had turned up strange types. Daphne hastened her footsteps.

He was, she was relieved to see, sitting in Tom Brett's chair turning the pages of a magazine when she entered.

"Well," he said, looking up at her brightly and rising, "shall we estimate the damage?"

S. A. MAYOR TO GIVE TALK IN LOS ANGELES

As the only mayor of any California city, on the speaking program of the California Taxpayers association, to be held tomorrow at the Biltmore hotel, Los Angeles, Fred C. Rowland will be present at the meeting, eleventh annual event of the organization, it was revealed today.

Mayor Rowland's subject will be "How a California City reduces Municipal Expenditures." Go Frank F. Merriam, Alfred W. Robertson, Santa Barbara, chairman of the assembly ways and means committee, Dr. Everett Den Martin, Claremont colleges, one of Southern California's best known platform orators, and others, will be featured on the all-day program. The morning session will be devoted to detailed study of the \$504,500,000 state budget for the biennium, 1937-39. Financial problems of the state will be discussed by the governor and Robertson.

Citrus Group In Conclave Today

Organization problems provide the chief topic of discussion for members of the Orange county citrus department which this afternoon was in regular session at the farm bureau hall here.

C. Jack Zinn, chairman of the department, called the session to order and led the opening discussion.

The group later will compile information for a report that will be submitted to the farm bureau board of directors in regular session next Thursday.

WHEN CAPITAL AIDS LABOR

The question of how high wages should be and what part, if it is to be the advantage of all workers, should go to capital and what part should go to labor is very interestingly and intelligently discussed by Ray W. Sherman in the Pictorial Review.

We think the article expresses the philosophy of economics we have been trying repeatedly to explain in a very clear manner. Possibly those of our readers who say that we could "make our editorials fifty percent clearer and there would be no danger of anyone knowing what we were trying to talk about," will get a clearer vision of our ideas by reading Mr. Sherman's article. That is the reason we are reproducing it. It is as follows:

"Henry Ford made money. But in the making of it he left a trail of benefits: cheap cars for everyone, good wages for workmen, improved industrial processes that were copied in industry generally and cheapened many products, a better living for millions of Americans.

"To the soap-box orator who would tear it down I say, 'If Henry Ford had made less, would any of us have made more?'

"Was Henry Ford's capital a weapon for oppressing labor or was it a tool for the manufacture of wages? If he had not been permitted to keep what he earned, how could he have built a gigantic business that gave jobs to so many men? And if men aren't to be permitted to build businesses like this, who is going to provide jobs for us who want to work? We can't eat theories.

"Today you point at the great Ford Motor Company and use it as a whipping boy for your theories and creeds, and I ask you this: You may devise a system that could, after a fashion, run the Ford Motor Company; but can you devise a system other than what we have which can build a Ford Motor Company? You've got to answer that question or else get off your soap box, for it's of vital concern to 125 million of us Americans. Our country is only a collection of men who employ and men who work. Most of us want jobs—just jobs. Somebody's got to provide them. And we want bigger and better jobs in a bigger and better country.

"A minimum wage law that would have given Ford considerably more than \$250 a week on his first job has no relation whatever to whether we let him keep what he makes. You can't lift workers up by tearing employers down.

"To Ford and his company you can add a long list of others. Chrysler, once an apprentice in a railroad shop. Schwab, once a stake driver. Rockefeller, born poor in a little country town. General Motors, General Electric and so on, all of which began because some one man dreamed a dream and worked hard, long hours, for he knew if he could win his rewards would be big. He had nothing behind him; everything before him—which is very different from nothing behind and little ahead."

IN THE BEGINNING

In the beginning, the People created Santa Ana in the midst of this Southern California Ranch district. And the city was without form and of little population and the absence of Citrus fruit and Walnuts and Beans and Beets was great thereof.

And the People said, Let us go ahead, develop our ranches, open our businesses and educate our children that we may prosper and have enlightenment; and there was prosperity and enlightenment. For the People said, Let us till the earth and bring forth grass, the herb yielding seed, and let us cultivate the fruit trees. Let us develop our water resources to the best of our abilities and thereby profit greatly.

Whereupon, the wishes of the People were answered by the sweat of their brows and they did prosper.

Then came those among the People who were dissatisfied with the pathways which led through the central portion of their city where they had set up their business Establishments. Let us be wise in the ways of the World and let us not be disturbed by those Travelers who follow the pathways which lead through our midst, said the Dissatisfied Ones. Said the Dissatisfied Ones, Let us not be troubled by the Travelers but verily, let us send them along their Way by a different Route, one which leads along the outer edges of our city where no Business Establishments are. Yea, though we have Main Street, Broadway, Flower Street and yet even Grand Avenue, upon which the Travelers through our Community may travel without difficulty and along which they may stop to buy Our Goods, let us create a new and improved pathway and let us call it Bristol Street and let us build it that the Travelers may hurry on their way without stopping among us for any purpose, said the Dissatisfied Ones.

Hearken ye unto us, said the Dissatisfied Ones, and ye shall be free—free to have Peace and Quiet, as ye may wish, in thy business Establishments; thy cup of Happiness will runneth over with Quietude and ye may close thy shops frequently, perhaps, and go down to the Sea to spend thy days fishing and swimming and basking in the warm sunlight, there being lightsome activity in thy shops.

Furthermore, thy pathways through the city's business district will be made safer with the absence of Travelers, for absence of Travelers certainly makes thy pathways safer, said the Dissatisfied Ones; and though thy business Establishments may come unto Evil Days from lack of Customers, yet will the Quietude be soothing to thy nerves.

And many of People straightway raised objection, having once said, Let us go ahead, develop our ranches, open our businesses and educate our children that we may prosper and have enlightenment. For they pondered deeply the question: Will our People continue to prosper if we direct the Travelers along a pathway at the edge of our city?

BROTHERHOOD WEEK

This week which we are observing as Brotherhood Week, with the idea of trying to get different religious creeds to cooperate and work together for the general welfare of man, is a week in which we should do some thinking as to what really brings about wars. It is, undoubtedly, due to misunderstandings.

If our college and high school educators in the departments of ethics, economics and orientation are teaching for pay, rather than teaching because they have selected the vocation as the best way of serving humanity, is it possible that they have neglected a wonderful opportunity to enlighten society so that we have endless confusion that leads us into wars, civil and foreign?

When we are confronted with whole groups taking possession of property and society being so confused as to the proper procedure, we certainly lack proper understanding.

Anything which will create a better understanding between people should be of the utmost importance in the curriculums of the high schools and the colleges.

"STALIN-IZED" CONTROL

The real question facing the American people in the proposed enlarging of the Supreme Court is whether the Administration is to have the power to eliminate competition or whether labor is to be "Stalinized" and under forced regimentation.

The present Administration seems to believe that labor would be better off if it were absolutely under his domination—his right to determine what constitutes a day's work—what pay should be received and, consequently, who would be forced to do the jobs he was assigned.

As Everett Dean Martin said, when he recently delivered here a most instructive lecture, when asked whether the capitalistic system did not develop wage slaves, said we would either have what the man from the audience termed wage slaves or we would have forced labor. We could have nothing else. Labor must be either free to work for the man in whom he has the most confidence and to select his own future or he must turn his future over to some outside authority who will tell him how much he is to be paid, for whom he is to work and what constitutes a day's work.

A WELCOME DENIAL

Her tousled head, boyish smile, and intrepidity in the air have endeared Amelia Earhart Putnam to her public.

Admirers of the nation's No. 1 airwoman are eagerly awaiting her take-off on the ambitious globe-circling hop announced recently. It is probable, however, that their enthusiasm was dampened a bit by a story that broke in the meantime. According to it, Mrs. Putnam was found to be psychic where air crashes were concerned. She had already, the article said, divined exactly where two plane disasters had occurred and soon would fathom the recent mysterious disappearance of another airliner.

Many who read this story undoubtedly wondered whether the first lady of the air was going publicity-hungry on them. It was pleasant, therefore, to have her deny later that she had ever had psychic visions; to say, in fact, that she couldn't psych a worm a darn.

STRANGE EDUCATION

The American Youths Congress tried to educate Congress by an attempted sit-down strike at Washington the other day. They demand that Congress appropriate a half billion dollars for education.

It certainly would be a strange education that these sit-downers would get if Congress would grant the appropriation.

MOST GULLIBLE

Buying envelopes addressed to former King Edward, on the supposition that some of them might come from "Wally", is about the last word in gullibility.

News reports say that the people are paying \$10 for an envelope.

LETTER TO CONTRIBUTOR OF THE CLEARING HOUSE

We can express our comments on the thoughts presented in the Clearing House by Mr. Casner of Anaheim by quoting from our letter to him. It is as follows:

Your article in Monday's Clearing House shows that you have done some clear thinking.

You are right. It is foolish to talk about men getting what they produce when we have such a large part of each man's production, either in wages or chickens as you are raising, taken from him by the squandering, wasteful officeholders, or by combinations for restraint of trade.

When some get more than they produce because of a monopoly or soft government job, it is almost impossible for those who are working on a competitive basis to get all they produce.

Come again, Mr. Casner.

The Seven Ages Of Man

As They May Appear in Federal Law

PARAGRAPHS

By Robert Quillen

The average farmer is neutral in a Labor war. He'd like to kick the leaders of both sides.

Some towns are so hungry for culture they import famous musicians every year if somebody will pay the deficit.

Dictatorship isn't new. In the Middle Ages the serf said: "Give me bread and protection and I'll be your man."

The fertility of our soil isn't lost. We know exactly what part of the Gulf of Mexico it is in.

Our fast pace has become a necessity. It's the only way to escape being bumped by the fellow behind.

IF A MODEST AND SILENT MAN BEGINS TO TALK MUCH IN A TONE OF AUTHORITY, IT MEANS HE HAS MADE SOME MONEY.

The first duty of civilization is to improve the lot of those who were never defeated by anything except civilization.

Awful thought! How could one radio announcer address another if he forgot his first name?

Now we know how to keep out of a war. Just have a disaster of our own and the "world crisis" goes back to page 5.

AMERICANISM: Hastily framing makeshift laws and expecting the courts to decide what they mean; denouncing the courts for doing it.

The Indians were smart when they named it The Father of Waters. When anything is a washout, Father always gets the blame.

What makes you think our government can't keep out of a war? It seems to do rather well when Capital and Labor fight.

Why don't the law-makers control the rivers? They always sail on higher levies when they see other banks overflowing.

A TRUE HICK NEVER MAKES MORE THAN A SIX-DAY TRIP IN HIS CAR. THAT'S ABOUT AS LONG AS FRIED CHICKEN WILL KEEP.

Typical reaction to the destruction of our forests, soil and wild life: "Awful, ain't it! What's the market doing today?"

How strange is man! He despises a cleaner, nobler, smarter one who doesn't believe the same things he does.

Woman loses her power when she tries to use it publicly. A man isn't afraid to argue with one he doesn't live with.

Mere man has one advantage over the ladies. He doesn't feel abused because he can't kiss Robert Taylor.

CORRECT THIS SENTENCE: "NOW WE MUST SING THIS SLOWLY," SAID THE RADIO STAR, "SO OUR LISTENERS CAN UNDERSTAND THE WORDS."

What Other Editors Say

WANTED—A STAND-UP STRIKE

From Fullerton Tribune

What this country needs most right now is a stand-up strike—a strike of solid American citizens who insist on standing up for their rights and for the enforcement of the laws.

From farmers who want to move their crops but are not permitted to move them.

From manufacturers who want to manufacture and deliver merchandise but are not permitted to do so.

From transportation agencies that want to carry the products of commerce and industry but are not permitted to carry them.

From consumers who want to purchase commodities ranging from automobiles to chicken feed but who are not permitted to purchase them.

From citizens in general who are put to financial loss, inconvenience and loss of health by the domination of minorities.

We need in this country a revival of old-fashioned Americanism which insists that laws are made to be enforced and that public officials are the servants of the public at large and not the tools of any group.

We need men in public office and in the courts of the nation who have the conscience and the courage to stand up for the laws and the constitution.

The most menacing feature of the industrial strife which has torn the country and demoralized prosperity these past few years is the almost complete breakdown of law enforcement. Not only have minorities shown open contempt for the law, but they have been condoned and encouraged in this contempt by men in high office sworn to uphold the law.

If there were any spirit of real Americanism in authority, the laws of the land would be made supreme.

If it took the army and the navy to support them, if the American people were not doped into acquiescent acceptance of official infidelity there would be such a roar of protest that even weak-kneed officials could not ignore it.

A country which submits to contemptuous flouting of law by any minority—which tolerates supine subservience of authority to such a minority—is on its way to mob rule.

A country which permits a minority to impose loss upon farmers, manufacturers, transportation agencies and consumers is on the way to destruction of all rights in property.

A country which condones a minority in keeping from work thousands or hundreds of thousands who want to work is on the way to abolition of the right of contract.

The sit-down strike is the Euro-

pean weapon of communism. Its acceptance as a legitimate device of industrial strife wipes out the rights of property as set forth in the constitution; the right of workers to work; the right of the public to the products of industry.

The only practical antidote to the sit-down strike is a stand-up strike of the millions who became its victims—a strike against all officials, from the president and his cabinet members to the village constable, who accept mob rule as a substitute for the rule of law and justice.

There is enough gumption and patriotism in America for such a strike.

Upon the answer depends the issue between constitutional government and communism.

Little Benny's Note Book

BY LEE PAPE

After school I went around to my cousin Artie's house and Artie called my house on the telephone to ask if I could stay for supper, which ma said I could if I got home by the dot of 9 and not a dot later, and after supper Artie and Uncle Ed went somewhere to play bridge, and me and Artie started to play Junior G-Men on the living room floor, being Artie's new game with spinners and markers and pritty exciting, me saying, Heck, this would be more fun if I didn't have to keep thinking of 9 o'clock. Darn that clock, why does it have to be there where I can't help seeing it, and why does it have to make itself worse by striking every quarter of an hour? I said.

I'll soon fix that, Artie said. I'll turn the darn clock around so all you can see is the back of it, he said.

Which he did, and I said, But I'll still hear it strike, wont I? and Artie said, No, because we'll start to yell every time it begins to strike, so all we'll hear is ourselves yelling.

Which we did, knowing when to start yelling because the clock made a noise like a stumminck ake each time it started to get ready to strike, and all of a sudden the telephone rang, me saying, G, I bet that's for me, what time is it?

And we quick looked and it was ten to 10, and I said, leave it ring a minute and then say I've just left for home, and it will be the truth.

And I grabbed my hat and coat and ran all a ways home, and just when I got there somebody came running around the corner, being Artie, saying, Hay, that was your mother all right, but she said it was too late for you to come home alone and you could stay at my house all night.

Which just then ma looked out her window to see who was talking, saying, Well of all things, the 2 of you, and Artie said, I ran after him to tell him he could stay all night.

Throw my pijammas down, ma, I said.

Which she didn't, making Artie stay at my house all night instead and calling up Artie and Uncle Ed where she was playing bridge to tell her the news.

pean weapon of communism. Its acceptance as a legitimate device of industrial strife wipes out the rights of property as set forth in the constitution; the right of workers to work; the right of the public to the products of industry.

The only practical antidote to the sit-down strike is a stand-up strike of the millions who became its victims—a strike against all officials, from the president and his cabinet members to the village constable, who accept mob rule as a substitute for the rule of law and justice.

There is enough gumption and patriotism in America for such a strike.

Upon the answer depends the issue between constitutional government and communism.

OUR CHILDREN

BY ANGELO PATRI

THE NEIGHBOR'S CHILD

I never hear a mother complain about the bad children of the neighborhood, who influence hers to no good, without thinking about the young teacher, substituting for an experienced and able teacher who was ill. Shortly after she had taken charge of the room she came up to my office.

"Will you please come upstairs and make these children behave? If you make them behave I can teach them, but I can't teach if they don't behave."

It would have been cruel to have sent her back with the cold statement that the other teacher could make them behave and teach them at the same time. Only time and experience would bring that understanding which would enable her to teach so that the children had no other thought than to learn.

Many a young mother says, "I can bring up my child perfectly. He is clean and obedient and good as gold until he gets with the neighbor's child, and then he is just as awful as he is. I can't keep him in all the time. What am I to do?" It is the old cry: Make them behave and I can do my work.

The fact is that each child is a neighbor's child. Each mother can make her child behave like a paragon when she is alone with him. Just as soon as he gets with the other children he reverts to type. He is what he truly is, a jolly little savage without manners or morals. He loves the earth, water and sky, is part of them. He shouts and jumps and rolls over in the mud, lays about him with right good will when occasion rises, and puts up a sturdy fight when his mother calls him home where she can keep an eye on him. Where he can be safe from the influence of that child next door. The other mothers feel the same way.

It would be too bad if a child had to grow in the artificial atmosphere of the protected, grown-up home. That is not his environment. He belongs outdoors, playing hard with his own kind, learning to take as well as to give, getting rid of outworn growth in crude gestures and with loud noises. He needs these earthy contacts. He needs these associations with his own lot of wild-ings. No harm will come of it, only good. As long as a child is in good health, has a good home, intelligent training, he will grow in the right way.

Righteousness is not the peculiar possession of any one neighbor. It is a quality possessed to some degree by every decent human being. The expressions of it vary, but the fundamentals stick. The mother down the street, the one next door, believe they have right on their side and act on it. They are as earnest about rearing their children as any other mother.

Every family counts, and few are so bad that association with their children will injure others. It is natural for us all to have certain pet ideas. Sometimes we elevate them to a religion. It is then that we are shocked by the behavior of the neighbor's children. It differs so from our own ideas that it must be wrong. Usually it is only different. In any case, it must be accepted as a condition in which the child finds himself and to which he must adjust himself. Living with other people on the basis of common acceptance of each other's peculiarities is the essence of all living. Sterilized life is impossible on this earth. It would be folly to equip a child for anything but the earthy existence he is to lead. We too, are neighbors, to other folk.

Mr. Patri has prepared a special booklet (No. 301) entitled, "Obedience," in which he tells parents how to cope with the difficult problems of disobedience. Send for it, enclosing ten cents. Address your request to Mr. Angelo Patri, The Bell Library, care this newspaper, 247 West 43rd street, New York, N. Y.

News Behind The News

By Paul Mallon

DISARMING ARMAMENT

WASHINGTON, Feb. 25—Silent concern was expressed upon the official face here when Britain announced this vast new rearmament program, but the pose was really a warden's grimace. American officialdom was tipped two weeks in advance on the program and secretly considers that it may yet turn out to be a constructive move toward world peace.

The attitude of apprehension was adopted for domestic purposes. For example, Assistant Navy Secretary Edison was called in to see the President shortly after the public news came from London. The subject of the conference was the serious effect that the Walsh-Healey Labor Act has had upon naval construction here. But that is a touchy subject around the White House. So the President informed Mr. Edison upon his departure, that, inasmuch as they had also mentioned the subject of British rearmament, he should mention only the rearmament matter to the waiting press outside.

At least, this is the story current on the bridge at the navy department.

There, no concern whatever is felt over the British rearmament move.

Note—Labor Secretary Perkins is highly wrought up against any possible modification of the steel manufacturing restrictions of the Walsh-Healey Act and must be handled cautiously. The President sees the navy needs as well as the labor benefits involved. The subterfuge he employed to keep quiet the main purpose of the Edison conference is a common and legitimate White House practice.

ENIGMA

The American disarmament maestro, Norman Davis, has been gum-shoeing around Washington during recent weeks. He is working on something, although no one seems to know just what. After the British move was announced, he came down from New York one day, but gave no inkling of future plans.

Davis lately has been telling his friends that any disarmament move this year is out of the question. He has convinced some of them that he is speaking the truth because, until recently, he always radiated hope at the slightest provocation.

However, Davis rarely says all he thinks. If Hitler gets some economic help, Spain quiets down and Mussolini comes forward with a peace proposal, disarmament may yet cease to be the lost word of 1937.

CHANCE

For the first time in history, anti-lynching legislation stands a good chance of adoption. A change in sentiment among the historic

opponents may soon be evident.

The national association for the advancement of colored people quotes a newspaper poll (Institute of Public Opinion) indicating the south is 65 per cent for and only 35 per cent against. Southern Congressmen are having a hard time believing that the majority in their districts is as strong as that, but their mental attitude is nevertheless softening.

If the House judiciary committee does not grant hearings and report out a bill, you will probably see a petition circulated to force the bill to the House floor. This move requires 218 signatures.

A similar petition was signed up before Congress adjourned last July, but adjournment came before the time to vote on it. The bill now seems certain to pass the House. The attitude of the Senate is yet unclear, but Senator Wagner is advocating it and Mr. R. will speak a word for it at the proper time.

RESENTMENT

No one has mentioned it yet, but the Supreme Court does not like President Roosevelt's executive reorganization plan any better than his proposed judicial reorganization.

His executive reorganization would give him the power to blanket all government employees into the civil service; that is, all employees except those who make policy. This means all supreme court employees and even the employees of other federal courts would fall into a civil service category. The judges would lose control of their own assistants.

It may be said, upon the authority of a Congressman who knows, that the supreme court does not like it.

UPSET

If there was any public comment upon Mr. Hoover's speech against the court repacking plan, it was not apparent in Washington. However, the Republican morning and Democratic evening papers were almost loud enough to be heard without a radio.

It seems that Republican National Chairman John Hamilton, who has never previously been known to consider a virtue, has been studiously silent on this issue. There is also inside evidence available indicating he has advised Republicans in congress to avoid making it a party issue if they can. Governor Landon followed that course. Political tacticians all appreciate the wisdom of the mouse not fighting the cat, especially when others are doing it better.

It should therefore be no strain upon your imagination to improve the private comments of Republican legislators upon reading Mr. Hoover's forthright attack.

HERE AND THERE

Chickens with wonderfully colored plumage can be reared by adding artificial dyes to their food, according to experts.

Only one-third of 1 per cent of the total area of Iceland is under cultivation.

Wrens often change mates between broods.

A craze for insurance became so prevalent in England in 1709 that some companies successfully sold policies that protected the insured against immortality and lies.

Electrical energy worth \$500 is contained in every flash of lightning, according to calculations of an expert.
